CHAPTER 14.04
AUTHORITY - PURPOSE

Section 14.04.01: Authority

The Harrison City Council pursuant to the provisions of Arkansas Code Annotated (A.C.A.) 14-56-401 et. seq., as amended, has established a planning commission, which has divided the City into districts and has prepared regulations pertaining to these districts in accordance with the Comprehensive Development Plan. These regulations apply to all land and structures and are in effect throughout the entire City Limits of Harrison, Arkansas.

Section 14-04-02: Purpose

- A. The City Council deems it necessary, for the purpose of promoting the health, safety, morals, order, and general welfare of the City of Harrison, Arkansas, to enact these zoning regulations.

- B. These zoning regulations are designed to promote:
 - 1. Efficiency and economy in the process of development;
 - 2. The appropriate and best use of land;
 - 3. Convenience of traffic and circulation of people and goods;
 - 4. Safety from fire and other dangers;
 - 5. Adequate light and air in the use and occupancy of buildings;
 - 6. Healthful and convenient distribution of population;
 - 7. Adequate public utilities and facilities; and
 - 8. Wise and efficient expenditure of funds.

- C. These zoning regulations provide for zoning districts of suitable and harmonious uses with the purpose of conserving the value of buildings and encouraging the most appropriate use of land in the City of Harrison, Arkansas.

Section 14-04-03: Title

After adoption of these regulations in accordance with A.C.A. 14-55-207, they shall there after be referred to as the Zoning Code of the City of Harrison, Arkansas, which shall consist of these regulations and a map entitled official zoning map of Harrison, Boone County, Arkansas.

CHAPTER 14.08 DEFINITIONS

Section 14.08.01: Definitions

- A. For the purpose of these regulations, certain terms or words used herein shall be interpreted as follows:
1. The word shall is mandatory; the word may is permissive.
 2. The words used or occupied shall include the words intended, designed, or arranged to be used or
 3. The word lot includes the words plot and parcel.
 4. The present tense includes the future tense, the singular number includes the plural, and the plural number includes the singular.
- B. For the purpose of these regulations, the following terms or words are defined as follows:

Accessory Structure. A subordinate structure located on the lot with the principal structure. An accessory building in a residential district shall be clearly incidental to the main building. Where an accessory structure is attached to the principal structure, in a substantial manner, as by roof, such accessory shall be considered as a part of the principal structure. An example of an accessory structure for a nonresidential structure would be the educational buildings of a church, with the sanctuary being the principal structure.

Accessory Use. A use which is customarily incidental to the principal use. In buildings restricted to residential use, the office of a professional person or customary family workshops shall be deemed an accessory use.

Adult Daycare. Establishment that provides, on a regular basis, assistance or care for five or more unrelated adults for a period of less than twenty-four hours a day and which receives a payment, fee or grant for the adults attending the facility, whether or not operated at a profit.

Alley. A narrow public way which affords a secondary means of access to abutting properties and not intended for general traffic.

Apartment House. See multiple family dwelling.

Area. This term refers to the amount of land surface in a lot or parcel.

Area Requirements. The yard, lot area, width of lot, and parking requirements as set

forth in a specific district.

Bed & Breakfast House. A dwelling or area containing one or more structures occupied by the owner, where, for compensation, lodging and meals are provided but not more than five rooms are provided for lodging and meals; and the owner thereof intends that the same tenant occupy the lodging for less than 30 days. Such dwelling shall have provided one off-street parking space for each tenant occupying the lodging.

Board of Zoning Adjustment. The term Board of Zoning Adjustment shall mean the Board of Zoning Adjustment of the City of Harrison, Arkansas.

Building. Any structure intended for shelter, housing, storage, or enclosure for persons or animals. When separated by dividing walls without openings, each portion of such structure so separated, shall be deemed a separate building.

Building Height. The vertical distance measured from the average elevation of the finished grade at the front of the building to the highest point of the structure, exclusive of chimneys, ventilators, or other extension above the roof line that are not intended for occupancy or internal usage by persons.

Child Care Center. Any place, home, or institution which receives five or more children under the age of 16 years, and not of common parentage, for care apart from their natural parents, legal guardians or custodians, when received for regular periods of time for compensation; provided, however, this definition shall not include public and private schools organized, operated, or approved under the laws of this state, custody of children fixed by a court of competent jurisdiction, children related by blood or marriage within the third degree to the custodial parent persons, or to churches or other religious or public institutions caring for children within the institutional building while their parents or legal guardians are attending services or meetings or classes or other church activities.

City. The term City shall mean the City of Harrison

City Attorney. The term City Attorney shall mean the City Attorney for the City of Harrison, Arkansas.

City Council. The term City Council shall mean the City Council of the City of Harrison Arkansas.

City Inspector. See Code Enforcement Official.

Code Enforcement Official. A person hired by the Department of Public Works Director to administer and enforce these regulations.

Convenience Store. Any retail establishment offering for sale prepackaged or prepared foods products, household items, gasoline and other goods commonly associated with the

same and having a gross floor area of less than 5,000 square feet.

Director of Public Works. The term Director of Public Works shall mean the Director of Public Works of the City of Harrison, Arkansas.

Dwelling Unit. Any room or group of rooms located within a structure forming a single habitable unit with facilities which are used or intended to be used for living, sleeping, cooking, eating and sanitation by one family.

Dwelling, Single Family. A detached structure designed for or occupied by one family only.

Dwelling, Two-Family. A structure designed for or occupied by two families, only, with separate housekeeping and cooking facilities for each.

Dwelling, Multi-Family. A structure designed for or occupied by three or more families, with separate housekeeping and cooking facilities for each.

Existing Use. A use of land or structure existing or operating at the time of the effective date of these regulations.

Family. One or more persons occupying premises and living as a single, non-profit housekeeping unit provided that, unless all members are related by blood or marriage, the number of persons shall not exceed five.

Floor Area. The sum of the gross horizontal areas of all floors of a building measured from the exterior faces of the exterior walls or from the centerline of walls separating buildings but not including cellar or basement space not used for habitation or commercial use.

Garage. A building or part thereof used for the storage or parking of one or more vehicles.

Garage Apartment. A dwelling unit for one family erected as a part of a private garage.

Garage Parking. A garage for the convenience of the general public to park automobiles in which no servicing, repairs, washing, or reconditioning of motor vehicles is carried on.

Gasoline or Service Station. Any area of land, including structures thereon, that is used for the retail sale of gasoline or oil fuel, or other automobile accessories, and incidental services including facilities for lubricating, hand washing and cleaning, or otherwise servicing automobiles, but not including painting, major repair, or automatic automobile washing or the sale of butane or propane fuels.

Hard Surface Pavement. Pavement consisting of Asphalt, Concrete, or Pre-Cast Pavers.

Home Occupation. Any occupation or activity which is clearly incidental and secondary to the use of the premises for dwelling and which is carried on wholly within a main building or accessory building by a person residing on the premises, and no other display or storage of materials or exterior indication of the home occupation or variation from the residential character of the main building or accessory building; and in connection with which not more than one person outside the family is employed and no equipment used which creates offensive noise, vibration, smoke, dust, odors, heat or glare. Examples of home occupations are: (a) Art studio; (b) Dressmaking; (c) Professional office of a physician, dentist, lawyer, engineer, architect, accountant, salesman, real estate agent, insurance agent, or other similar occupation;(d)Teaching, with musical instruction limited to one or two pupils at a time; however, a home occupation shall not be interpreted to include restaurants.

Industry, Non-nuisance. Any industry of small scale manufacturing, assembling and fabrication, or warehousing, wholesale, and service uses that is conducted entirely within enclosed buildings that does not emit smoke, noise, odor, dust, vibration, or glare beyond the premises and which does not generate excessive traffic or include any open storage yards or outdoor processing of materials.

Industrial Park. A group of non-nuisance industrial plants on a single parcel of land, or on separate parcels contiguously arranged, so as to form a planned development of industrial sites, building or buildings.

Hotel. A building or group of buildings under one ownership containing six or more sleeping rooms occupied or intended or designated to be occupied as the more or less temporary abiding place of persons who are lodged with or without meals for compensation, but not including sanitarium, hospital, asylum, orphanage, or buildings where persons are housed under restraint.

Kennel. Any lot or premises on which are kept five or more dogs, more than six months of age.

Lot. A portion or parcel of land considered as a unit, devoted to a certain use or occupied by a building or a group of buildings that are united by a common interest or use, and the customary accessories and open spaces belonging to the same.

Lot Area. The total horizontal area included within lot lines.

Lot, Corner. A lot at the junction of and fronting on two or more intersecting streets.

Lot Coverage. The percentage of the Lot Area that is occupied by the Area of Building.

Lot, Depth of: The mean distance between the front lot line and the rear lot line.

Lot, Interior. A lot that does not abut more than one street.

Lot Line. Any boundary of a lot.

Lot Line, Front. The street line at the front of a lot. On a corner lot, the owner may specify the front lot line on the plot plan.

Lot Line, Rear. The lot line opposite to the front lot line.

Lot Line, Side. Any lot line other than a front or rear lot line as defined herein.

Lot Line, Side Street. In the case of a corner lot, the side lot line that abuts the street.

Lot of Record. A lot which is part of a subdivision recorded in the office of the county recorder or a lot or parcel described by metes and bounds, the description of which has been so recorded. A lot or parcel of land, the deed to which has been recorded in the office of the County Recorder of Boone County prior to September 7, 1961.

Lot, Through A lot extending from one street to another.

Lot Width of. The mean distance between the side lot lines.

Main Use or Building. The principal use or building on a lot.

Medical Office Building, A building used exclusively by physicians, dentists, optometrists, and chiropractors for treatment and examination of patients, provided no overnight patients shall be kept on premises.

Membership Club. A building structure, lot or land use area used as a private club or social organization not conducted for profit or gain.

Manufactured Home. A dwelling unit constructed in a factory in accordance with the federal standards and meeting the definitions set forth in the federal standards and under Arkansas Code § 20-25-102.

Manufactured Home Park. Land or property containing a minimum of three acres which is used or intended to be used or rented for occupancy by manufactured homes or movable sleeping quarters of any kind.

Manufactured Home Subdivision. A subdivision in which lots are platted to be served by public rights-of-way, designed and intended for sale to individuals who will place a manufactured home unit or joining of units.

Mobile Home. A dwelling unit constructed in a factory before the enactment of the federal standards.

Modular Home. A residential dwelling, constructed in a factory to a residential

construction code other than the Federal Manufactured Home Construction Safety Standards.

Motel: An area containing one or more buildings designed or intended to be used as temporary sleeping facilities of one or more transient persons or families and intended primarily for automobile transients.

Multiple Dwelling. A Building arranged, intended or designed to be occupied by three or more families living independently of each other as separate housekeeping units.

Multiple Dwelling Development. One or more multiple dwelling buildings planned as a single development.

Nonconforming Structure. A structure lawfully existing at the effective date of this code or any amendment thereto affecting such structure, which does not conform to the building regulations of this code for the district in which it is situated.

Nonconforming Use. Any use of a building, structure, lot or land, or part thereof, lawfully existing at the effective date of this code or any amendment thereto affecting such use, which does not conform to the use regulations of this code for the district in which it is situated.

Office, showroom/warehouse. Means a facility for mixed use with the following characteristics:

1. A showroom for display of product line which does not include items for user purchase.
2. A storage or warehouse facility which occupies not more than 60 percent of the gross floor area of the structure(s);
3. The principal office of the business;
4. Sales to contractors or other businesses installing or delivering to consumer/user.

Office, warehouse. Means a facility combining office and warehouse functions in a single structure.

Open Space. Any unoccupied space on a lot that is open and unobstructed to the sky and occupied by no structures or portion of structures whatever.

Parking Area. A lot or part thereof used for the storage or parking of motor vehicles, with or without the payment of rent or charges in money or other consideration.

Parking Space. A stall or berth which is arranged and intended for parking of one motor

vehicle in a storage garage or parking area.

Planning Commission. The term Planning Commission shall mean the Planning Commission of the City of Harrison, Arkansas.

Professional. A vocation, calling, occupation, or employment involving labor, skill, education, special knowledge and compensation or profit, but the labor and skill involved is predominately mental or intellectual, rather than physical or manual.

Property Line. See Lot Line.

Public Notice. Notice of the time, place, and subject of hearings, meetings, or proceedings in a newspaper of general circulation in the City of Harrison, Arkansas prior to the time of such hearing, meeting or proceeding unless otherwise provided by law.

Rear Dwelling. A dwelling located on the same lot and to the rear of the main building for which the lot is used.

Special Use Permit. A use permitted in particular zoning district upon review and authorization by the Planning Commission.

Story. That portion of a building, other than a basement, included between the surface of any floor and the surface of the floor next above it, or if there being no floor above it, then the space between the floor and the ceiling next above it.

Story, Half. A space under a sloping roof which has a line of intersection of roof decking and wall face not more than three feet above the top floor level. A half story containing independent apartments or living quarters shall be counted as a full story.

Street. Any public or private thoroughfare which affords the principle means of access to abutting property.

Street, Intersection. Any street which joins another street at an angle, whether or not it crosses the other.

Structure. Anything constructed or erected, the use of which requires location on the ground or which is attached to something having a location on the ground. Among other things, structures include buildings, fences, but does not include sidewalks.

Structural Alteration. Any change in the supporting members of a building, such as bearing walls or partitions columns, beams, or girders, or any substantial change in the roof or in the exterior walls.

Travel Trailer/Recreational Vehicle. A portable, temporary living unit designed either to be towed or is self-propelled. Included are all recreational-type vehicles -- motor homes,

trailers, and fold-out campers.

Under Construction. For the purpose of these regulations, a structure shall be considered as being under construction at the point when excavation for the structure and/or any accessory facilities (driveways, walks, trenches for utilities, etc.) is begun.

Use of Land Interpretation. The unoccupied portion of a lot shall be considered to be in the same use as is the principal structure located on the lot unless such land is utilized for open storage or agriculture outside of the structure, then the use of land shall be classified according to the nature of its uses.

Variance. A modification of the regulations of this code, granted in instances where strict enforcement of the ordinance would cause undue hardship due to circumstances unique to the individual property under consideration.

Yard, Front. An open unoccupied space on the same lot with a building situated between the nearest roofed portion of the building and the front lot line of the lot and extending from side lot line to side lot line.

Yard, Rear. A space on the same lot with a building situated between the nearest roofed portion of the building and rear lot line of the lot, and extending from side lot line to side lot line.

Yard, Side. An open occupied space on the same lot with a building situated between the nearest roofed portion of the building or of any accessory building and the side lot line of the lot, and extending through from the front yard or from the front lot line where no front yard exists, to the rear yard, or to the rear lot line where no rear yard exists.

USE ZONES

Section 14.12.01: Use Zones

The City of Harrison is divided into the following use zones for the purpose of protecting property values, protecting the general health, safety, and welfare of local citizens; and achieving economy, efficiency, and good civic design in the future growth and development of the City through the pursuit of the coordinated goals, objectives and policies as set out in the Comprehensive Development Plan.

A. Residential Use Zones

Residential use zones are intended primarily for residential structures. The character of the area shall be relatively quiet, have slow speed - low volume traffic, have access to or be served by all utilities and services, and generally offer a pleasant environment for living. In addition to residential uses, certain other uses that are related to or accessory to the residential character of the area may be allowed. These other uses are known as "permitted uses" and are specified in the zone description.

The residential zones are:

- R-1 - Single-family Residential
- R-2 - General Residential
- R-2 AH – Affordable Housing Residential
- R-3 - Multi-Family Residential
- R-4 - Manufactured Home Park

B. Commercial Use Zones

The commercial use zones are intended for the conduct of retail and commercial trade and services and certain entertainment and amusement activities. These zones shall provide an environment that enhances local and area business endeavors.

The commercial zones are:

- C-1 - Central Business District
- C-2 - Office Commercial
- C-3 - Highway Commercial
- C-4 - Neighborhood Commercial

C. Industrial Use Zones

The industrial use zones are intended to provide attractive areas for industrial activities that have adequate access, offer all utilities and services required by industry, and are not

in danger of encroachment by other non-compatible uses.

The industrial zones are:

1-1- Heavy Industrial

1-2- Light Industrial

D. Conservation Zone (CONS)

The conservation zone includes those lands that are subject to flooding or other hazards which cause them to be not suited for development.

E. Suburban Agricultural Zone (A-1)

The suburban agricultural zone includes areas on the urban fringe that are in a state of transition, i.e. they are changing or will change in the foreseeable future from agriculture to urban and therefore require special attention.

F. Planned Unit Development (PUD)

The purposes of this zone are to promote flexibility and innovation in design and to encourage innovation in the design of large-scale developments and the development of vacant, in-fill parcels in the built up portion of the city. The zone also promotes the inclusion of open space into project design. The Planned Unit Development (PUD) is a superimposed description that provides wider latitude of design to achieve the goals stated above.

Section 14.12.02: R-1 Single Family Residential

A. General Description

This is the most restrictive residential district. The principle use of land is for single-family dwellings and related recreational, religious, and educational facilities normally required to provide an orderly and attractive residential area. These residential areas are intended to be defined and protected from encroachment or uses which are not appropriate to residential environment. Stability of property value, attractiveness, order, and efficiency are encouraged by providing adequate light, air, and open space for dwellings and related facilities and through consideration of the proper functional relationship of the different uses.

B. Uses Permitted

Property and buildings in a R-1, Single-family Residential Zone, shall be used only for the following purposes:

1. One single-family dwelling per lot.
2. Public park or playground.
3. Home occupation, as defined.
4. Transportation and utility easements, alleys, and rights-of-way.
5. Accessory buildings which are not a part of the main building, including one private garage; or accessory buildings which are a part of the main building, including one private garage. An accessory building in a residential district shall be clearly incidental to the main building.
6. Temporary building of the construction industry which is incidental to the erection of buildings permitted in this district, and which shall be removed when construction work is completed.
7. Parking lot provided to serve the uses permitted in this district.

C. Uses Permitted on Review

The following uses may be permitted on review by the Planning Commission in accordance with provisions contained in Chapter 14.21.

1. Municipal use, public building, and public utility.
2. Plant nursery in which no building or structure is maintained in connection

therewith.

3. Golf course or country club.
4. Churches, but not including missions or revival tents or arbors.
5. Public school or school offering general education courses the same as ordinarily given in public schools and having no room regularly used for housing and sleeping.

D. Area Regulations

All buildings shall be set back from the street right-of-way and lot lines to comply with the following yard requirements:

1. Front yard - 25 feet from property line.
2. Side- yard - minimum 10 feet from each property line, except that an open attached carport may be constructed to within five feet of one side yard boundary. Unattached buildings of accessory use shall be a minimum of five feet from the side lot line.
3. Side yard street - 25 feet from all street right-of-way property lines.
4. Rear yard - the main building shall be a minimum of 20 feet from property line or center of alley where one exists. Unattached buildings of accessory use may be located in the rear yard of a main building; provided, however, that no accessory building shall be located closer than 10 feet to the rear lot line where no adjacent alley exists, and not closer than 3 feet to the rear lot line where an alley exists.
5. Lot width - the minimum width of a lot at the front building line shall be 60 feet for single family dwelling.
6. Lot area - a minimum of 7,000 sq. ft. shall be provided for each single-family dwelling unit.
7. All dwellings shall front on a public street.
8. Off-street parking space - refer to Chapter 14.20.

F. Height Regulations

When the maximum height of a structure exceeds 2 1/2 stories, it shall be approved by

the Board of Zoning Adjustment to insure a safe and healthful environment.

G. Dimensions

Each dwelling shall have a minimum dimension on each side of 20 feet, and the entire 20 feet shall be finished on a permanent foundation.

Section 14.12.03: R-2 General Residential

A. General Description

This is a residential district to provide for medium and high population density. The principal use of land may range from single-family to multiple-family and garden apartment uses. Certain uses which are more compatible functionally with intensive residential uses than with commercial uses are permitted. The recreational, religious and educational facilities normally required to provide an orderly and attractive residential area are permitted. Stability of the property value, attractiveness, order and efficiency are encouraged by providing for adequate light, air, and open space for dwellings and related facilities and through consideration of the proper functional relationship of each use permitted in the district.

B. Uses Permitted

Property and buildings in a R-2 General Residential District shall be used only for the following purposes:

1. One single-family dwelling per lot.
2. One two-family dwelling per lot.
3. Multi-family dwellings not to exceed four units per lot.
4. Parks and playgrounds.
5. Home occupation, as defined.
6. Transportation and utility easements, alleys, and rights-of-way.
7. Accessory buildings which are not a part of the main building, including one private garage; or accessory buildings which are a part of the main building, including one private garage. An accessory building in a residential district shall be clearly incidental to the main building.

8. Public utilities such as water storage, power substations, fire stations, sewer lift stations, to include easements as appropriate to the district.

C. Uses Permitted on Review

The following uses may be permitted on review by the Planning Commission in accordance with provisions contained in Chapter 14.21.

1. Any use permitted on review in a R-1 Single-family Dwelling District.
2. Churches.
3. Schools offering a general education course.
4. Child care center, public or private.
5. Rooming or boarding houses.
6. Garage apartments.
7. Home occupation, as defined.
8. Accessory buildings and uses customarily incidental to the above uses when located on the same lot.
9. Bed and Breakfast House.
10. Multi-Family developments not exceeding 12 units per acre.

D. Area Regulations

All buildings shall set back from street right-of-way lines or lot lines to comply with the following yard requirements:

1. Front yard - 25 feet from property line.
2. Side yard - all buildings shall be a minimum of five feet from each property line.
3. Side yard street - 25 feet from all street right-of-way/property lines.
4. Rear yard - the main building shall be a minimum 20 feet from property line or center of the alley, where one exists. Unattached accessory buildings may be located in the rear yard of a main building; provided however, that no accessory

building shall be located closer than 10 feet to the rear lot line where no alley exists, and no closer than 3 feet to the rear lot lines where an alley exists.

5. Lot width - there shall be a minimum lot width of 50 feet at the front building line for single-family dwellings and 10 feet additional width at the front building line for each family, more than one, occupying a dwelling. Minimum lot width at the street shall be not less than 35 feet.

6. Lot area - for each single-family dwelling and building accessory thereto, there shall be a lot area of not less than 6,000 sq- ft. A two-family dwelling shall be located on a lot of not less than 9,000 sq. ft. Multi-family dwellings shall be located on a lot a minimum of 9,000 sq. ft. for the first two family units plus 2,000 sq. ft. for each additional unit, to a maximum of four units per structure.

7. All dwellings shall front on a public street.

8. Off-street parking - see Chapter 14.20.

E. Height Regulations

When the maximum height of a structure exceeds 2 1/2 stories, it shall be approved by the Board of Zoning Adjustment to insure a safe, healthful environment.

F. Dimensions

1. Each dwelling shall have a minimum dimension on each side of 20 feet, and the entire 20 feet shall be finished on a permanent foundation.

2. More than one modular unit may be joined and considered one structure providing that joint shall be completely sealed in such a manner that they are not discernible from the exterior or interior of the structure.

Section 14.12.04: R-2 Affordable Housing Residential District

A. General Description

This district encourages affordable housing of varied types in specified locations within the city. The district permits site-built housing, manufactured housing, and modular housing constructed on individual lots with uniform design guidelines imposed to maintain neighborhood harmony and homogeneity of appearance. The provisions of this district seek to achieve the following goals.

1. To provide a choice of housing types within the city and to expand housing choices for all families.

2. To maintain efficiency and economy in the process of development by encouraging infill development with medium housing densities.
3. To encourage the appropriate and best use of land by placing uniform size and appearance guidelines on new housing placements.
4. To promote healthful and convenient distribution of population by achieving higher densities through the utilization of vacant or underdeveloped properties.
5. To encourage good civic design and arrangement by maintaining reasonable and uniformly applied design standards within existing neighborhoods.
6. To maintain the economic stability of existing neighborhoods by maintaining consistent size, bulk, and appearance standards.

B. Permitted Uses

1. All uses permitted in the R-2 District
2. Manufactured Homes.

C. Uses Permitted Upon Review

Any use permitted upon review in a R-2 General Residential District.

D. Area Regulations

Same as the R-2 General Residential District.

E. Height Regulations

Same as the R-2 General Residential District.

F. Special Provisions

1. All dwelling units constructed in or set up in this district, whether by new construction, addition to an existing unit, placement of a multi-section manufactured or modular home, or combination of two or more single-section manufactured homes, shall have a minimum dimension on each side of at least 20 feet.
2. All dwelling units constructed or set up in this district with a crawl space shall have continuous masonry underpinning around said crawl space.

3. All dwelling units constructed or set up in this district shall have the front door oriented toward the front yard unless approved as a planned unit development.
4. All dwelling units constructed or set up in this district shall have shingle roofs unless specifically approved by the Planning Commission.
5. All dwelling units constructed or set up in this district that do not have a built-in porch as part of the structure, shall have a covered front landing accessible by stairs and handrails if necessary. The landing shall be at least six feet by six feet, and shall be oriented to the front yard.
6. All dwelling units shall have either:
 - a. A carport capable of housing two vehicles with a hard surfaced pavement driveway capable of stacking two more for a total of four off-street vehicle parking spaces; or
 - b. A hard surface pavement drive and parking area capable of providing four off-street vehicle parking spaces.
5. All dwelling units constructed in this district shall have foundation systems that meet the city's building code or, in the case of manufactured housing, be anchored in accordance with the manufacturer's instructions or the regulations of the Arkansas Manufactured Home Commission.
6. All dwelling units moved into this district from off site shall be new and under warranty or inspected by the city's code building official prior to being moved on site to ensure compliance with the following standards.
 - a. All roofing material shall be secure without gaps or damaged shingles
 - b. All windows shall be operative without broken panes or damaged trim or screening.
 - c. All exterior siding shall be in place and undamaged. No dented, torn, burned, loose or mildewed siding shall be allowed.
 - d. All kitchen and bathroom facilities shall be fully operational and all mechanical equipment shall be in good working order.
 - e. Any attached gutters shall be secure and functional
 - f. All cornice materials shall be in place and undamaged.

g. Paint shall be uniform and unblemished.

h. Doors shall be plumb and fully operational. No damaged screening or door fixtures shall be allowed.

i. All flooring shall be structurally undamaged, and secure. Holes in the flooring, or flooring that is missing, dented, broken, or in a state of damage or decay will not be allowed.

Section 14.12.05: R-3 Multi-Family District

A. General Description

This district is established in order to provide high-density residential development at a density not to exceed a maximum of 24 units per acre. No R-3 district shall be less than one acre in area. It is the intent of this section that this district be utilized in both the developed and undeveloped portions of the city. The district shall be restricted to sites abutting collector streets or arterial streets where public utilities exist or shall be provided in conjunction with the development. The R-3 District may also act as a buffer between low density residential areas and non-residential development.

B. Permitted Uses

1. Multi-family residential structures, including elderly housing, at a density not exceeding 24 units per acre.
2. Two family residences
3. Bed and Breakfast House
4. Accessory uses, including laundry facilities, normally associated with medium to high-density multi-family residential development.

C. Uses Permitted on Review

1. Nursing Homes

D. Height Regulations

No building erected in an R-3 District shall exceed a height of 35 feet without approval by the Board of Adjustment.

E. Dimensions

1. Exterior Yards: All exterior yards or yards which abut dedicated public streets shall

have a depth of not less than 25 feet.

2. Interior Yards: All interior yards or yards which abut interior property lines or any lot of record shall have a depth equal to the height of any proposed building or structure.

3. Detached Building Separation: All detached buildings shall be separated by a distance of not less than 10 feet.

4. Lot Area Per Family: Any development constructed in an R-3 District shall provide a minimum lot area per family of 2,400 square feet if the density is below 18 units per acre and 1,800 square feet if the density is above 18 units per acre.

Lot Area Per Family:

- | | | |
|-----|----------------|--|
| (a) | Single-Family: | 6,000 square feet per family |
| (b) | Duplex: | 4,500 square feet per family |
| (c) | Multi-Family: | 9,000 square feet for first two families, plus 2,000 square feet for each additional unit. |

Section 14.12.06: R-4 MANUFACTURED HOME PARK

This district is intended to provide for orderly developments in which manufactured homes, as defined by this code, and manufactured housing units may be located. Such locations shall have necessary public utilities, community facilities, and other public services in order to provide a healthful living environment with the normal amenities associated with residential districts of the City.

A. DESIGN STANDARDS

1. The park shall be located on a well-drained site properly graded to insure rapid drainage on freedom from stagnant pools of water.

2. Manufactured home spaces shall be provided consisting of a minimum of 4,000 square feet for each space which shall be at least 40 feet wide and clearly defined.

3. The minimum front yard setback shall be 25 feet to the front lot line of the manufactured home park. Additionally, each manufactured home unit shall be set back at least 20 feet from all internal drives and access routes through the manufactured home park.

4. The park shall be designed to accommodate a minimum of five manufactured homes.

5. Manufactured homes shall be so harbored on each space that there shall be at least a 20 foot clearance between the manufactured homes.

6. All manufactured home spaces shall contain a hard-surfaced paved driveway of not less than 20 feet in width, which shall have unobstructed access to a public street.

7. Internal streets and drives shall be designed for safe and convenient access to all manufactured home spaces. All such internal drives shall be privately owned, built, and maintained. Such roadways shall be at least 24 feet in width and shall be constructed with a bituminous or concrete surface over a six-inch gravel base.

8. Each manufactured home space shall be provided with two off-street parking spaces each 9 ft. by 20 ft. in dimension.

9. Manufactured home parks must set aside open space as required by the Health Department of the State of Arkansas.

Section 14.12.07: C-1 Central Business District

A. General Description

The C-1 District encompasses the historical portion of the City commonly referred to as “Downtown”. This district is intended for the conduct of personal and business services and the general retail business of the community. Persons living in the community and in the surrounding trade area require direct and frequent access to this area, which provides space for professional offices, banks, governmental offices, and retailing services of all kinds. Because of its unique and historical nature, normal parking and setback requirements are relaxed.

B. Uses Permitted

1. Retail establishments providing goods and services such as grocery, drug, hardware, variety stores, and similar uses in hotels, motor hotels, and restaurants.

2. Office and bank buildings and uses.

3. Processing and manufacturing that by reason of operation do not constitute a nuisance to adjacent uses in respect to noise, odor, dust, vibration, etc.

4. Wholesaling and warehousing that by reason of operation do not constitute a nuisance to adjacent uses in respect to noise, odor, dust, vibration, etc.

5. Bulk storage of noncombustible material.

6. Automotive service, repair, and storage.

7. Public and institutional uses and buildings.

8. Dwellings, per requirements of Section 14.20.10.

9. Uses determined by the Planning Commission to be similar in nature to the above.

C. Height

When the maximum height of a structure exceeds three stories, it shall be approved by the Board of Zoning Adjustment.

D. Front and Side Yard

No minimum requirement.

E. Rear Yard

Minimum - 20 feet from property line or center of alley, where one exists.

F. Loading and Unloading

Loading and unloading facilities shall be provided so as not to block any public way.

G. Fire Limits

Land in the Central Business District shall be included within the fire district of the City of Harrison, Arkansas.

H. Screening Requirements

Where property zoned C-1 abuts a residential district, a planting screen or other visual barrier to be approved by the Planning Commission shall be constructed by the property owner or potential user of the property prior to the use of such property for other than residential purposes in a manner that it provides a continual visual buffer between the two districts a minimum of eight feet in height; except that such buffer shall not be placed within 15 feet of the paved surface of a street or highway. The construction of the barrier shall be such that light from automobile headlights is not visible on the residential zone from the commercial property.

I. Design Standards

Because of its unique character, design criteria may be placed on the construction or reconstruction of property within the C-1 District. As a minimum, the following shall apply:

1. No new or reconstructed building in the C-1 District shall have a metal façade unless specifically approved by the Planning Commission. Façade design should

match the character and historical period of adjoining structures.

2. No single-story buildings shall be constructed in the C-1 District. Building rooflines shall match those of adjoining properties.
3. All ground floor spaces fronting a street in the C-1 District shall be devoted to commercial or office use. Ground floor dwellings are permitted only in the rear half of ground floor space.
4. Property within the C-1 District shall conform to all provisions of the City's adopted fire district.

Section 14.12.08: C-2 Office Commercial

A. General Description

This commercial district is intended to provide a quiet business environment, and should be used to provide a buffer between major trafficway or intense commercial districts and residential districts.

B. Uses Permitted

1. Single-family, two-family, and multi-family dwellings. (See Section 14.12.03-B-3)
2. Bed and Breakfast House.
3. Garage apartments.
4. Art gallery.
5. Assembly buildings for nonprofit corporation or institution.
6. Business college.
7. Barber shop.
8. Beauty shop.
9. Laboratory for research and testing.
10. Library.
11. Hospital sanatorium, convalescent or nursing home, and other medical facilities.
12. Museum.

13. Office buildings including, but not necessarily limited to, doctors, dentists, lawyers, architects, engineers, realtors, and insurers.
14. Pharmacies.
15. Public buildings.
16. Studio for professional work and including the teaching of any form of fine arts, such as music, drama, dance, or photography.
17. Public and private schools.
18. Recreational uses associated with and maintained primarily for the benefit and use of occupants and families of other permitted uses.
19. Shops and stores associated with and incidental to permitted uses listed above.
20. Buildings and structures and uses customarily incidental and accessory to the above uses.
21. Parking lots as required by permitted uses listed above.
22. Uses determined by the Planning Commission to be similar in nature to the above.

C. Area Regulations

1. The area requirements for dwellings and buildings accessory thereto shall be the same as requirements for uses in the R-2 residential zone districts.
2. The following requirements shall apply to all other uses permitted in this district.

D. Yard requirements

1. Front yard - all buildings shall be set back from the street right-of-way line to provide a front yard having not less than 25 feet in depth.
2. Side yard - where a side yard is adjacent to a residential district, no building shall be located closer than 25 feet to the side lot line. In all other cases no building shall be located closer than 20 feet to the side lot line except that where a former dwelling unit has been converted to a different use permitted under Section 14,12.05-B, side yard requirements will be the same as those for the R-2 residential zone district.
3. Rear yard - no building shall be located closer than 20 feet to the rear lot line.

4. Coverage - main and accessory buildings shall not cover more than 50% of the lot area and in no case shall the total gross floor area of the main building exceed the area of the lot.

D. Height Regulations

1. Height regulations for dwellings shall be the same as those of the R-2 residential district.

2. No building or structure shall exceed three stories or 35 feet in height unless approved by the Board of Zoning Adjustment.

E. Screening Requirements

Where property zoned C-2 abuts a residential district, a planting screen or other visual barrier to be approved by the Planning Commission shall be constructed by the property owner or potential user of the property prior to the use of such property for other than residential purposes in a manner that it provides a continual visual buffer between the two districts a minimum of 8 feet in height; except that such buffer shall not be placed within 15 feet of the paved surface of a street or highway. The construction of the barrier shall be such that light from automobile headlights is not visible on the residential zone from the commercial property.

F. Off-street Parking Requirements

Off-street parking shall be provided in accordance with Chapter 14.20. In all cases the forward most 25 feet of the front yard shall be maintained as unobstructed open space, and shall not be used for parking unless proper control is provided through curb lines, entrances, and exits; and in no case will parking be permitted in a manner so as to result in automobile backing into any street or otherwise interfering with moving traffic.

Section 14.12.09: C-3 Highway Commercial

A. General Description

This district is designed to accommodate establishments offering accommodations, supplies, or services to motorists, and for certain specialized uses such as retail outlets, extensive commercial amusements, and service establishments which may serve the entire community, but are not suitable for location in the Central Business District or Office Commercial District.

B. Uses Permitted

1. Any use permitted in the C-2 District.

2. Amusement enterprises.
3. New and used automobile sales and service, new and used machinery sales and services, and public garages.
4. Ambulance service, office or garage.
5. Automobile service stations.
6. Bakery.
7. Boat sales.
8. Bowling alley.
9. Bus terminal.
10. Clothing store.
11. Department store.
12. Drive-in theater or restaurant.
13. Electric transmission station.
14. Feed and fuel store.
15. Food store.
16. Frozen food locker.
17. Furniture repair and upholstery.
18. Funeral parlor.
19. Garden stores.
20. Golf course, miniature or practice range.
21. Heating and plumbing sales and service.
22. Veterinary hospital.
23. Interior decorating store.

24. Ice plant.
25. Key shop
26. Kennel.
27. Laundry.
28. Motel.
29. Music, radio, and television shop and repair.
30. Novelty shop.
31. Pet shop.
32. Printing shop or plant.
33. Public uses.
34. Recreation center.
35. Research laboratories.
36. Roller skating rink.
37. Sign painting shop.
38. Sporting goods store.
39. Stockbroker.
40. Theater.
41. Wholesale distributing center.
42. Buildings, structures, and accessory uses customarily incidental to any of the above uses, provided that there shall be no manufacturing of products other than such as are customarily incidental to retail establishments.
43. Any other store or shop for retail trade or for rendering personal, professional, or business service which does not produce more noise, odor, dust, vibration, or traffic than those uses listed above, or is deemed by the Planning Commission to be similar in nature to the above.

C. Area Regulations

There shall be a minimum distance of 25 feet from all street property lines, except that islands for gasoline and diesel fuel pumps when situated on a state or federal highway, may be set to within 15 feet from street property line, as provided for and in conformance with Arkansas State law.

D. Height Regulations

Any structure that is designed to have a maximum height of greater than three stories or 35 feet shall be approved by the Board of Zoning Adjustment.

E. Off-street Parking

See Chapter Five. In all cases the forward most 25 feet of the front yard shall be maintained as unobstructed open space, and shall not be used for parking unless property control is provided through curb lines, entrances and exits; and in no case will parking be permitted in a manner so as to result in automobiles backing into any street or otherwise interfering with moving traffic.

F. Loading and Unloading

Loading and unloading facilities shall be provided so as to prevent obstruction of any public way.

G. Screening Requirements

Where property zoned C-3 abuts a residential district, a planting screen or other visual barrier to be approved by the Planning Commission shall be constructed by the property owner or potential user of the property prior to the use of such property for other than residential purposes in a manner that it provides a continual visual buffer between the two districts a minimum of eight feet in height; except that such buffer shall not be placed within 15 feet of the paved surface of a street or highway. The construction of the barrier shall be such that no light from automobile headlights are visible on the residential zone from the commercial property.

Section 14.12.10: C-4 Neighborhood Commercial

A. General Description

This district is designed to accommodate limited retail developments within or adjacent to neighborhood areas for the purpose of supplying daily household needs of the residents for food, drugs, and personal services. Commercial uses within this district should not depend on market areas larger than the neighborhood served. The district may also be

used in conjunction with existing commercial developments as an extension of such established commercial district. The C-4 District shall generally be located at arterial or collector street intersections and within walking distance of residential areas. Such developments shall be designed to accommodate between one to fifteen stores on a site not more than five acres in size.

Unless otherwise specifically provided in this section, the following development criteria shall apply to this district:

1. Outdoor display is prohibited in any yard.
2. There shall be a maximum gross leaseable area of 5,000 square feet per establishment, except that a single establishment may have more than 5,000 but not more than 10,000 square feet.
3. Off-premise outdoor advertising is prohibited.
4. No use shall be a 24 hour per day operation.

B. Uses Permitted

1. Bakery or confectionery shop.
2. Branch bank.
3. Barber or beauty shop.
4. Book and stationery store.
5. Camera shop.
6. Church.
7. Cigar, tobacco, and candy store.
8. Clinic (medical, dental or optical).
9. Clothing store.
10. Community health center.
11. Custom sewing and millinery.
12. Childcare Center

13. Drugstore or pharmacy.
14. Religious, charitable or philanthropic office.
15. Florist shop.
16. Food store.
17. Handicraft store.
18. Hardware store.
19. Hobby shop.
20. Jewelry store.
21. Key shop.
22. Laundromat.
23. Laundry or pickup station.
24. Lodge or fraternal organization.
25. Office (general and professional)
26. Optical shop
27. Paint and wallpaper store
28. Pet store
29. Photography store.
30. Private school or kindergarten.
31. School.
32. Secondhand store.
33. Shoe repair shop.
34. Studio for private music or speech lessons.
35. Tailor shop.

36. Tool and equipment rental (inside display only).

37. Travel bureau.

38. Buildings, structures, and accessory uses customarily incidental to any of the above uses, provided that there shall be no manufacturing of products other than such as are customarily incidental to retail establishments.

39. Any other store or shop for retail trade or for rendering personal, professional, or business service which does not produce more noise, odor, dust, vibration, or traffic than those uses listed above, or is deemed by the Planning Commission to be similar in nature to the above.

C. Area Regulations

There shall be a minimum distance of 25 feet from all street property lines, except that islands for gasoline and diesel fuel pumps when situated on a state or federal highway, may be set to within 15 feet from street property line, as provided for and in conformance with Arkansas State law.

D. Height Regulations

Any structure that is designed to have a maximum height of greater than three stories or 35 feet shall be approved by the Board of Zoning Adjustment.

E. Off-street Parking

See Chapter Five. In all cases the forward most 25 feet of the front yard shall be maintained as unobstructed open space, and shall not be used for parking unless property control is provided through curb lines, entrances and exits; and in no case will parking be permitted in a manner so as to result in automobiles backing into any street or otherwise interfering with moving traffic.

F. Loading and Unloading

Loading and unloading facilities shall be provided so as to prevent obstruction of any public way.

Section 14.12.11: I-1 Heavy Industrial

A. General Description

This industrial district is intended to provide for heavy industrial uses and other uses not otherwise provided for in the districts established by these regulations. The intensity of

uses permitted in this district makes it most desirable that they be located downwind and separated from residential and commercial uses.

B. Uses Permitted

Property and buildings in a 1-1 Heavy industrial District shall be used for the following type purposes:

1. The manufacturing, compounding, processing, packaging, or assembling of such products as prohibited in the retail commercial use districts and Light Industrial District when it is found by the Code Enforcement Official that the specific location and the safeguards provided will so reduce the noise, dust, odor, or vibration so as not to be detrimental or dangerous to the health, safety, or general welfare of persons lawfully occupying adjacent properties or to the citizens of Harrison.
2. Storage of bulk materials as is prohibited in the retail commercial use districts, or light industrial districts, when it is found by the Code Enforcement Official that the specific location and safeguards provided will so reduce the danger of fire or explosion so as not to be dangerous to the health, safety, or general welfare of persons lawfully occupying adjacent properties or of citizens of the City of Harrison.
3. Commercial truck docks or freight line facilities to include facilities suitable for receiving, storing, and delivering freight; for storing, repairing, maintaining, and servicing of vehicles and other equipment; the below-ground storage and handling of gasoline, diesel, other motor fuels and lubricants; and, other facilities ancillary and necessary to the business of commercial truck docks or freight lines.

C. Residential Use Prohibited

No structure may be constructed or altered for residential use within this district.

D. Area Regulations

1. Total structures may not cover more than 33 1/3% of the total lot area.
2. All structure shall be built at least 25 feet from all property lines.

E. Height Regulations

1. When a structure is designed to exceed 35 feet in height, the Board of Zoning Adjustment may approve the height requirement only if it is demonstrated that the equipment and the structure to house the operation justify such a height.

2. In all other instances the structure shall not exceed a height of 35 feet.

F. Off-street Parking

See Chapter 14.20.08 - E.

G. On-lot Loading and Unloading Facilities

Each structure or use shall provide on-lot loading and unloading facilities which will allow such activities to be carried on without blocking a street, alley, or public way.

Section 14.12.12: I-2 Light Industrial

A. General Description

This district is intended for manufacturing and assembly plants and warehouses that are conducted in such a manner that noise, odor, dust, and glare of each operation is completely confined within an exposed building and/or the commercial operation of truck docks or freight Lines as permitted in I-1 Heavy Industrial Zones.

B. Uses Permitted on Review

All Uses in this district must be reviewed and approved by the Planning Commission, and must conform to the descriptions below:

1. The manufacturing, compounding, processing, packaging, or assembly of such products as prohibited in the C-1 and C-3 district when found not to be detrimental to uses of adjacent areas or other uses within the 1-2 district, and which noise, dust, odor, vibration, or congestion is entirely contained within buildings.
2. Storage of bulk material as is prohibited in the C-1 and C-3 district, when the Planning Commission determines that the specific location and safeguards provided will also reduce the danger of fire or explosion so as not to be hazardous to the health, safety, or general welfare of the persons lawfully occupying adjacent properties or the citizens of the City of Harrison.
3. Office warehouse uses.

C. Area Regulations

1. Total structures may not cover more than 60% of the total lot area.
2. No building shall be altered and no new building constructed on any lot having a width of less than 50 feet at the front building line.

3. No building shall be altered and no new building shall be constructed on any lot having less than 5,500 sq. ft. of area.

4. Buildings shall provide a front yard of not less than 30 feet, a rear yard of not less than 25 feet, and two side yards, each not less than 15 feet.

D. Height Regulations

Buildings may be erected to a height of 35 feet, provided, however, that where it can be demonstrated that equipment and structures to house the operation will require a greater height than the height limitation, the limitation may be waived upon application to the Board of Zoning Adjustment. It is provided that elevator shafts, air conditioning units, cooling towers, water tanks, and other appurtenances necessary and accessory to the permitted use may exceed the height limit up to 60 feet total height, provided that for every five feet of increment above the permitted height of 35 feet, there shall be one foot additional required front, side, and rear yard.

E. Off-street Parking

See Chapter 14.20.

F. Off-street Loading Requirements

Off-street loading space shall be provided in the following ratio:

1. For structures containing less than 25,000 sq. ft. of gross floor area, one foot for each 12,500 sq. ft. of gross floor area or increment thereof. Each loading space shall have a net area of not less than 420 sq. ft.

2. For structures containing 25,000 or more square feet of gross floor area, the number of loading spaces are specified in the following table. Each such loading space shall be at least 10 feet wide, 35 feet long, and 15 feet high.

<u>3.Square Feet of Gross Floor Area</u>	<u>Required Number of Loading Spaces</u>
25,000 up to & including 40,000	1
40,001 up to & including 100,000	2
100,001 up to & including 160,000	3
160,001 up to & including 240,000	4
240,001 up to & including 320,000	5
320,001 up to & including 400,000	6
For each additional 90,000 over 400,000	1 additional

In addition, there shall be area or means adequate for ingress and egress which shall be so arranged as to permit maneuvering of a truck to reach a loading space by a single backing movement, utilizing property on the lot only.

G. Landscaped Area Requirements

Each lot shall provide and maintain a landscaped area in the front and side yard setback area. Such landscaped areas must cover at least 35% of the total front and side yards, and shall be designed to prevent automobiles from crossing or driving onto them. A landscaped strip at least 10 feet wide, exclusive of walks and driveways, shall be provided on each street property line. The area shall be suitably treated with ground cover, trees, and shrubs to present an attractive appearance to the industrial district.

Section 14.12.13: CONS - Conservation District

A. General Description

This district is designed to accommodate those lands subject to flooding or other hazards which cause them to be not suitable for development.

B. Uses Permitted

Flood Plain - The flood plain is intended for the storage of high waters to protect the City from flooding. It may be developed for park purposes and parking areas, but only structures publicly owned will be permitted in the area, and these should be of pole and pier type construction to permit flowage area through and under any portion of the structure lying below the anticipated flood level. All picnic tables, fireplaces, and other improvements developed within the area should be of a type that will not suffer by emersion, will not float away to create obstruction in the channels, and will not cause debris to collect on or about them, thus impeding the flow of water.

Section 14.12.14: A-1 Suburban Agricultural

A. General Description

This district is intended to provide a category suited to the land situated on the fringe of the urban area that is used for agricultural purposes, but will be undergoing urbanization in the near future. Tracts in this district will be in close proximity to residential and commercial uses, therefore, agricultural activities conducted in the district should not be detrimental to urban land uses. The types of uses, required area, and intensity of use permitted in this district are designed to encourage and protect agricultural uses so long as the land therein is devoted primarily to agriculture.

B. Uses Permitted

Property and buildings in the A-1 Suburban Agricultural District shall be used only for the following purposes:

1. All uses permitted in the R-1 Residential District.
2. Agricultural uses and single-family dwellings connected thereto on tracts of land in excess of ten acres.
3. Country club or golf course.
4. Plant nursery.
5. Accessory buildings including barns, sheds, and other farm buildings, and private garages and accessory buildings which are part of the main building.

C. Uses Permitted on Review

The following uses may be permitted on review by the Planning Commission in accordance with provisions contained in Chapter **14.21**.

1. Airport or landing field.
2. Cemetery.
3. Public stable, riding academy, or stockyard.
4. Kennel.
5. Radio or television station.

D. Area Regulations

1. Front Yard: All buildings shall be set back from street right-of-way lines to comply with the following front yard requirements:

- a) All buildings shall set back from a state or federal highway, county highway or section line road a minimum of 25 feet from the right-of-way line or 75 feet from the center line of the right-of-way easement, whichever is greater.
- b) On all public roads or streets other than federal, state or county highways and section line roads all buildings shall set back a minimum of 25 feet from the right-of-way line or 55 feet from the center line of the right-of-way easement, whichever is greater.
- c) If 25% or more of the lots on one side of the street between two intersecting

streets are improved with buildings, all of which have observed an average setback line of greater than 25 feet, and no building varies more than six feet from this average setback line, then no building shall be erected closer to the street line than the minimum setback so established by existing buildings; but this regulation shall not require a front yard of greater depth than 50 feet.

d) When a yard has double frontage the front yard requirements shall be complied with on both streets.

2. Side Yard

a) For dwellings located on interior lots there shall be a side yard on each side of the main building of not less than eight feet for dwellings of one story, and of not less than 12 feet for dwellings of more than one story.

b) For unattached buildings of accessory use there shall be a side yard of not less than eight feet.

c) For dwellings and accessory buildings located on corner lots there shall be a side yard set back of 25 feet.

d) Churches and main and accessory buildings, other than dwellings and buildings accessory to dwellings, shall set back from all exterior and interior side lot lines a distance of not less than 25 feet.

3. Rear Yard

There shall be a rear yard for a main building of not less than 20 feet or 20% of the depth of the lot, whichever amount is smaller. Unattached buildings of accessory use may be located in the rear yard of a main building, but no closer than five feet to rear property line.

4. Lot Width

For dwellings there shall be a minimum lot width of 60 feet at the front building line, and such lot shall abut on a street for a distance of not less than 35 feet.

5. Intensity of Use

a) For each dwelling, and buildings accessory thereto, there shall be a lot area of not less than two acres.

b) For churches and main and accessory buildings other than dwellings and buildings accessory to dwellings the lot area shall be adequate to provide the yard areas required by this section and the off-street parking areas required in Section 14.20.08 - E-10.

6. Coverage

Main and accessory buildings shall not cover more than 25% of the lot area on interior lots, and 30% of the lot area on corner lots: accessory buildings shall not cover more than 20% of the rear yard.

E. Height Regulations

No building shall exceed two and one half stories or 35 feet in height.

Section 14.12-15: Planned Unit Developments

A. General Description

The purposes of this zone are to promote flexibility and innovation in the design of large-scale developments and the development of vacant, in-fill parcels in the built up portion of the city. The zone also promotes the inclusion of open space into project design. The Planned Unit Development (PUD) provides wider latitude of design to achieve the goals stated above.

In concept, the PUD is a combination of zoning designation and site plan. A detailed site plan is required for permitting. Development must follow the site plan exactly. Failure in this respect will result in reversion of the property to the original zoning. Although design innovation is encouraged, and flexibility is allowed, the PUD may not be used simply as a method of avoiding zoning regulations. Once approved, the site plan becomes a zoning district by city ordinance in the same manner as any other zoning parcel.

The Planning Commission shall consider a PUD proposal only if it meets one of the following threshold criteria:

1. The PUD will allow the development of an infill parcel in the developed portion of the city that could not be made productive under normal zoning regulations.
2. The PUD would further the city's goal of providing housing for all economic segments of the city and its Planning Area Boundary.
3. The PUD involves a parcel in which flexibility would allow high quality or innovative urban design.
4. The PUD would aid in the elimination of slums and blight within the city and its Planning Area Boundary.

5. The PUD design results in a minimum of 30 percent of the total development being reserved as permanent open space

B. Application Process

The applicant for a Planned Unit Development shall be the owner(s) of the property or the party designated to act as agent for the owners(s). The responsibilities of the applicant are as follows:

1. Pre-application Conference. Each prospective applicant shall confer with the City Staff in connection with the preparation of the application prior to the submission. At this conference, the following information and data shall be considered.

- a) The boundaries of the property
- b) Existing easements and covenants affecting the property
- c) Physical characteristics such as drainage, topography, vegetation and existing structures.
- d) Development characteristics such as surrounding land uses, existing streets and availability of utilities.
- e) Elements of the proposed layout such as land uses, open spaces, community facilities, densities, traffic flow and estimated impact on traffic and adjacent land uses.

2. Pre-Submission to the Planning Commission. The applicant may elect to present a sketch plat of the proposed PUD to the Harrison Planning Commission. Pre-submission of the sketch plat to the Planning Commission is strictly to receive comments and/or suggestions from the Commission. Approval of the sketch plat by the Commission shall not be binding.

3. Site Plan submittal. No less than thirty days prior to the Planning Commission meeting at which the proposed Planned Unit Development is to be reviewed, the applicant shall submit ten (10) copies of the proposed site plan to the staff. The submittal shall include the following as a minimum. Any application that is incomplete in any respect, will be returned to the applicant for appropriate corrections. The Commission will not review an incomplete application.

- a) A site plan drawn to scale on vellum accompanied by an electronic version of the same in a format compatible with the most recent version of AutoCad®. Survey information shall be prepared by a Professional Surveyor (P.S.) Drainage and utility calculations shall be prepared by a Professional Engineer

(P.E.) The stamps of the individuals responsible for the various elements shall be affixed to the drawing; and,

- b)** Building footprints for the individual buildings to be included in the PUD; and,
- c)** Topographic contours at two foot intervals; and,
- d)** All easements, existing or proposed; and,
- e)** All drives, access-ways, alleys, parking lots and any streets proposed to be dedicated; and,
- f)** Proposed landscaping; and,
- g)** Open space and community facilities, if any, proposed as part of the PUD; and,
- h)** Location of all existing and proposed private and public utilities; and,
- i)** Name(s) of the owners of the proposed project and their agent, if any; and,
- j)** Zoning classifications of adjoining properties; and,
- k)** Site improvement drawings as necessary to support the proposals outlined in the site plan.

C. Uses Permitted

The PUD submittal will include a listing of the proposed land uses and the amount of land devoted to each. This list will constitute part of the zoning component of the PUD. No other land uses will be allowed unless the PUD is revised through a rezoning process.

D. Regulations

1. **Lot Size:** No minimum district sizes are established. Housing can be clustered or otherwise concentrated or arranged in planned locations on the site to take advantage of its natural features. The proposed lots and the type of development (i.e. housing, mixed use) for each shall be clearly depicted.
2. **Open Space Reservation:** Land not used by buildings, accessory structures, and yards, but required by the zoning district in which the site is located shall be maintained as open space for the purpose of providing parks, recreational facilities, ways for pedestrian movement and circulation, and conserving visually pleasing elements of the environment. Prior to the sale of any lot, site, home or

other structure, a performance guarantee of sufficient surety determined by the City shall be posted with the City for completion of said open space improvements. The site plan shall clearly depict the amount of land to be maintained as permanent open space.

3. **Development Density:** The site plan shall clearly depict the proposed density by land use category.
4. **Property Owners' Association:** The developer shall submit a set of covenants running with the land, providing for an automatic membership in the Property Owners' Association, to be an incorporated nonprofit organization, operating under recorded land agreements designed and intended to exist in perpetuity, through which each property owner in the Planned Unit Development is automatically subject to a charge for an appropriate proportionate share of the expenses for maintaining the common property, open space and/or other activities of the Association. Once established, the covenants shall continue and remain in force during the entire existence of the Planned Unit Development.
5. **Responsibility for Open Space:** Nothing in this Section of the Code shall be construed as assigning or assuming any responsibility or liability on the part of the City of Harrison, for maintenance of any private open areas, parks, or recreational facilities. A hold harmless clause shall be incorporated in the covenants running with the land to this effect. It shall be provided further, however, that when an owner of a Planned Unit Development desires to dedicate certain land areas to the City for public parks and recreational facilities, and the City approves the nature and location of such lands, and accepts the dedicated areas, the City shall be responsible for the operation and maintenance of these lands and properties.
6. **Common Open Spaces:** The size, shape, dimension and location of the common open spaces shall be determined by the Planning Commission in conjunction with the developer or sub-divider, with consideration being given to the size and extent of the proposed development and the physical characteristics of the land being developed. Consideration should also be given in providing parks, recreational facilities, both active and passive, and pedestrian walkways.

Common open space shall be guaranteed by a restrictive covenant, describing the open space and its maintenance and improvement, running with the land for the benefit of the residents of the Planned Unit Development. The developer shall file, at the time the approved final plat is filed, legal documents that will produce the aforesaid guarantees and, in particular, will provide for restricting the use of common open spaces for the designated purpose.

7. **Preservation Plan:** In order to minimize the disturbance of the natural environment, a general preservation plan shall be required at the time of

preliminary plat submission; this shall show the specific type, size and nature of the preservation area. The Planning Commission shall review the preservation plan in conjunction with the review of the preliminary plat.

The preservation of the natural amenities within the Planned Unit Development, including topography, trees, ground cover, natural bodies of water, and other significant natural features, shall be given due consideration. Existing trees shall be preserved wherever possible. The location of trees shall be considered when planning the common open space, location of buildings, underground services, walks, paved areas, playgrounds, parking areas, and finished grade levels. Excessive site clearing of topsoil, trees and natural features before the commencement of building operations shall be discouraged by the Planning Commission. The applicant shall provide evidence as how these objectives are to be met.

8. Transportation: The vehicular circulation system shall be designed so as to permit smooth traffic flow with minimum hazards to pedestrian traffic. Minor streets within Planned Unit Development shall not be connected to streets outside the development in such a way as to encourage their use by through traffic.

The pedestrian circulation system and its related walkways shall be insulated as reasonably as possible from the vehicular movement. This shall include, when deemed to be necessary by the Planning Commission, pedestrian underpass or overpass in the vicinity of schools, playgrounds, local shopping areas, and other neighborhood uses that generate a considerable amount of pedestrian traffic.

9. Land Subdivision: In the construction and installation of all subdivision improvements in the Planned Unit Development, said improvements shall conform to all requirements and standards as set forth in the City's Subdivision Regulations, unless exception to the requirements is recommended and approved by the Planning Commission.

If the owners in the future should request that the private streets be changed to public streets, the owners do fully agree that, before the acceptance of such streets by the City, the owners will bear full expense of reconstruction or any other action necessary to make the streets fully conform to the requirements applicable to public streets, prior to dedication and acceptance. The owners also shall agree that these streets shall be dedicated to public use without compensation to the owners.

E. Review Process

The Planning Commission shall review the proposed PUD after proper submittal of all documents and review by the appropriate city staff. In reviewing any proposal, the Planning Commission shall determine that the PUD will:

- Provide public benefits that would not be achievable through the normal zoning regulations
- Not create undue or unmitigated negative traffic impacts.
- Be compatible with surrounding developments.
- Be compatible with the city's Future Land Use plan.
- Not endanger the public health, welfare or safety, nor shall it substantially diminish or impair property values in the neighborhood in which it is located.
- Be of a character and contain such uses that are needed in the area of the proposed project.

F. City Council Approval

Planned Unit Developments represent zoning districts and must be approved by the City Council. Upon approval by the Planning Commission, all recommendations shall be submitted to the Harrison City Council for approval. The City Council will not consider any revisions to the site plan or development proposal that have not been reviewed by the Planning Commission. The Planning Commission must approve any contemplated deviation from the approved site plan. Any dedications of streets or easements to the city must be included in the ordinance approving the PUD.

G. Amendments

Following Council approval the staff may approve minor revisions to the site plan if:

1. No changes are made to either the access or the egress to the PUD.
2. Any changes to internal traffic arteries do not alter overall traffic patterns, size of streets, or functional classification of streets.
3. No new streets are proposed for dedication.
4. No new private streets are proposed.
5. Overall residential density is not increased.
6. Overall drainage patterns are not altered.
7. No additional loads are placed on municipal utilities.
8. Retail and office space is not increased by more than five percent.
9. No open space is dedicated for public maintenance.

If there is disagreement about the administration of the above, or if the staff is unsure of its authority, proposed revisions shall be submitted to the Planning Commission.

SECTION 14.15 SIGNS

14.15.1 Purpose: The requirements established herein are designed to regulate sign structures in order to insure light, air, and open space; to reduce hazards at intersections; to prevent accumulation of trash; to control and coordinate the type, placement, and physical dimensions of signs within the various zoning classifications; and to protect property values of the entire community. The requirements for signs, and other advertising structures are described in this Article.

14.15.2 Definitions

Sign: Any outdoor device, figure, painting, message, poster, or other structure which is designed or intended to advertise.

Sign, Canopy: A sign attached to the underside of a canopy.

Sign, Construction: A temporary sign erected on the premises where construction is taking place, during the period of such construction, indicating the names of the architects, engineers, landscape architects, contractors, or similar artisans, and the owners, financial supporters, sponsors, and similar individuals or firms having a role or interest with respect to the structure or project.

Sign, Customary Maintenance: Repair, replacing of borders, structural members like in kind, or copy.

Sign, Directory: A sign, usually of ladder construction, listing the tenants or occupants of a building or group of buildings.

Sign, Flashing Strobe: Any directly or indirectly illuminated sign that strobes artificial light or color effects is prohibited.

Sign, Freestanding: Any non-movable sign with one or more poles, not affixed to a building.

Sign, Ground: A freestanding sign, other than a pole sign, in which the entire bottom is in contact with or is close to the ground, also known as a monument sign.

Sign, Height: The vertical distance from the highest point of the sign or structure to the grade of the adjacent street or surface grade beneath the sign which ever is the highest.

Sign, Illuminated: A sign designed to give forth any artificial light or reflect such light from an artificial source.

Sign, Ladder: See *Sign, Directory*.

Sign, Mural: Any piece of artwork painted directly on a wall or other large permanent surface.

Sign, Nonconforming: Any sign which is not permitted within the district in which it is located.

Sign, Off-premise: A sign, that directs attention to a business, commodity, service, or entertainment conducted, sold, or offered at a location other than the premises on which the sign is located.

Sign, On premise: A sign that directs attention to a business, commodity, service or entertainment conducted, sold, or offered at a location on which the sign is located.

Sign, Portable: Any sign which is movable, portable, or designed to be portable which is in the shape of an "A" frame, panel, or mounted on wheels or legs of any kind, whether or not permanently affixed to the ground or buildings. Portable signs include movable "reader board" signs which are signs in which the advertising is accomplished by digitally active electrical lettering.

Sign, Projecting: A sign, which projects from and is supported by a wall of a building and does not extend beyond, into, or over the public roadway.

Sign, Roof: Signs mounted on any roof or any sign not mounted on a vertical surface.

Sign, Temporary: A sign constructed or intended for 60 days or less, and not permanently attached to the ground, a building, or structure. Temporary signs shall include signs made of non-durable material, specifically cloth, canvas, paper, cardboard, flexible vinyl, coated paper or canvas, or organic material.

Sign, Wall: Signs on the walls of a building (including signs attached flat against the wall, painted wall signs) other than murals.

14.15.3 General Provisions: The following general provisions govern the permitting of signs in Harrison.

- a) A permit shall be required for the erection, size alteration, or reconstruction other than customary maintenance of any sign, subject to structural or electrical modifications unless otherwise noted in this section and shall be issued by the Code Enforcement Officer in accordance with these regulations.
- b) Signs must be constructed of durable materials, maintained in good condition, and not permitted to become dilapidated, or defaced.

- d) Illumination devices shall be so placed and so shielded that rays from the devices or from the sign itself will not be directly cast into any residential district, or interfere with safe traffic movement.
- f) No free standing or ground sign shall be erected within 50 feet of any adjoining Residential District boundary line if the sign faces perpendicular to the street that the building faces. Further, no lighted or flashing sign of any type shall be erected within 150 feet of an adjoining Residential District boundary line if the face of such sign is perpendicular to the street that the building faces.
- g) Residential signs shall be governed by the Harrison Zoning Regulations Chapter 14.08 (Home Occupation).
- h) Off premises signs exceeding 32 square feet shall be limited to US Highway 62/65/412 corridor.
- i) All signs shall be erected within the property lines of the premises upon which they are located. No portion of a freestanding sign shall extend, be erected, or be placed in any street right-of-way, or conflict with any public control or device.
- j) No person shall place, maintain, or display any otherwise authorized sign, signal, marking, or device which imitates or resembles an official traffic control device, emergency light, or railroad sign or signal or which has the effect of disrupting the movement of traffic. No person shall place, maintain, or display any sign that hides from view or interferes with the movement of traffic or the effectiveness of any traffic control device, or signal.
- k) If required by the Code Enforcement Official, supporting structures will be designed and plans stamped by a Professional Engineer registered in the State of Arkansas.
- l) Should a sign be removed involuntary it shall be allowed to be replaced to its original height, size, & location and shall meet all utility safety requirements.
- m) No truck, automobile, van, trailer or boat, modified to advertise a commercial business or product shall be parked on a public parking lot or space, or in a public Right-of-way in such a manner as to act as permanent or temporary advertisement.

14.15.4 Exemptions: This sign article does not relate to building design, nor does it regulate the following.

- a) Official traffic or governmental signs;
- b) Customary maintenance;
- c) Window displays;
- d) Product dispensers;
- e) Scoreboards on athletic fields;

- f) Sponsorship signs at public athletic fields or venues.
- g) Flags of any nation, government, or non-commercial nature;
- h) Commemorative signs, tablets, or plaques;
- i) Signs required to be maintained by law or governmental order, rule, or regulation;
- j) The display of street numbers;
- k) Off premise open-house signs for the day on which the open-house is conducted;
- L) Signs or displays on service or delivery vehicles in their normal performance of businesses.
- m) Political signs prior to a certified election date.

14.15.5 Prohibited Signs: The following signs are prohibited in the City of Harrison.

- a) Signs imitating warning signals: No sign shall display intermittent lights resembling the flashing lights customarily used in traffic signals or in police, fire, ambulance or rescue vehicles.
- b) Signs within street or highway right-of-way: No sign whatsoever, whether temporary or permanent, except traffic signs and signals and information signs erected by a public agency, are permitted within any street or highway right-of-way;
- c) Signs painted on or attached to trees, utility poles, or traffic control devices on public property.

14.15.6 Requirements Applying to Specific Signs: The following regulations apply to specific type signs as noted.

- a) Wall signs. Signs on the walls of a building (including signs attached flat against the wall, painted wall signs and projecting signs) shall meet the following requirements:
 - (1) The display surface area of such signage shall not exceed twenty percent of the square footage of the wall to which it is attached. No more than 10 percent of any sidewall or rear wall may be covered if abutting a residential zone. Lighting of sidewall or rear wall signs abutting a residential zone shall be limited to landscape down lighting only.
 - (2) Such sign shall be located on the front wall of the building which is oriented to the street from which access is derived. For uses with two street frontages, wall signs may be located on a wall for each frontage. For uses not oriented to a public street, the wall considered to be the front of the use shall be used for location of such signage.
 - 3) Murals may exceed 20% & and shall be approved by the Harrison Planning and Zoning Commission.

b) Free standing or ground signs: Signs on poles where permitted are subject to the following standards:

(1) A building shall be permitted to have one ground or free standing sign for each street frontage.

(2) The maximum height of a free standing sign shall be 35 feet in all "C" Districts unless approved by the Harrison Board of Zoning Adjustment.

A. Exception:

Signs in the 62/65/412 corridor may be 45 feet in height.

c) Ground Signs: Ground signs are subject to the following standards:

(1) Ground signs may not exceed four feet in height except as allowed in the following section.

(2) Ground signs which are integrated into an attractive brick, or stone, or wood architectural feature or an earth berm, all of which shall be permanently landscaped, may exceed four feet in height to a maximum of seven feet.

(3) Ground signs must be located so that they do not obstruct the view of traffic from any intersection, street, or driveway.

d) Signs on work under construction: Non-illuminated signs not exceeding 64 square feet in area displaying the name of the building, the contractors, the architects, the engineers, the owners, and the financial, selling and/or development agencies are permitted upon the premises of any work under construction, alteration, or removal. Such sign shall be removed prior to issuance of a Certificate of Occupancy.

e) Temporary subdivision signs: Temporary signs not exceeding 64 square feet in area announcing a land subdivision development are permitted on the premises of the land subdivision. They shall be set back not less than 15 feet from the right-of-way of any street or from any boundary line of the land subdivision. Such signs shall be located at any entrance to the Sub Division from a Public Way. They shall be removed when 75 percent of the lots are conveyed.

f) Neon signs. Signs which utilize neon lighting, either for the body of the sign or its border, shall comply with all relevant local, state, federal electrical requirements and all components shall be UL or CSA approved.

g) Portable signs other than Real Estate. The Code Enforcement Official may issue a temporary permit for the placement of a portable sign on an individual commercial site for a period not to exceed 60 days in any 6-month period. Signs shall be so constructed and a diagram enclosed to show anchorage to withstand minimal wind load. Electrical service for illuminated signs shall meet the provisions of the city electrical code.

h) Real Estate Signs: In any residential district, real estate signs may not be larger than six square feet in size and only one sign is allowed for each side of the structure that faces a public street. Real Estate portable signs larger than 32 square feet in commercial districts shall be allowed with a special permit (that shall be good for the term of the listing) from the Code Enforcement Official.

14.15.7 Permits: Unless otherwise provided by this article, all signs shall require permits and payment of fees as described in this section. Application for a permit for the erection, size alteration, lighting or relocation of a sign, when allowed by this article, shall be made to the Code Enforcement Officer on such form or forms as may be required to provide the information necessary to administer the provisions of this article. As a minimum, the following information is required.

- a) Height of sign;
- b) Structure face (display) size and/or support details;
- c) Location of sign in relation to street(s), property line(s), buildings, and private drives;
- d) Location of any property lines that may be affected by the sign;
- e) Copy of agreement with property owner for sign placement, if property is leased for off premises signs.
- f) Name of sign builder and installer.
- g) Any other information required by the Code Enforcement Officer that may be necessary to ensure compliance with all applicable municipal codes and state statutes.
- h) Sign permits are reviewed only by Code Enforcement Officer unless the staff determines that issues other than an individual sign would require a site plan review by the planning commission.
- i) Engineered drawings if required; (stamped and signed by an Engineer licensed to practice in the State of Arkansas)

14.15.8 Signs for which a permit is not required: A permit is not required for the following types of signs in any district.

- a) Traffic, directional, warning, or information signs installed in performance of their duties by any public agency.
- b) Official notices issued or required by any court, public agency or officer.
- c) On premises Church bulletin boards or one non-illuminated “for sale”, “for rent” or “for lease” sign located not on the street right-of-way line, unless attached to the front wall of a building, and not exceeding:

- (1) six square feet (display face) in area in residential districts; or,
- (2) 32 square feet in districts other than residential districts.

d) Home occupation signs.

e) Maintenance of a sign or for a change of copy on painted, printed, or manual changeable copy signs.

f) Political Signs

g) Real estate signs, 6 square feet or less.

h) Yard Sale Signs 6 square feet or less

i) Commercial and Industrial districts on premises temporary sign, not exceeding 32 square feet, or event sponsorship temporary signs not exceeding 64 square feet.

14.15.9 Fees. As shown below shall be required:

1) New Sign Permit: \$50.00: (New sign is defined as a new structure, or size changes to an existing structure that exceeds customary maintenance, as defined in 14.15.2.

2) Lighting Permit: \$25.00 (Adding lighting to a existing sign)

3) Temporary / Portable Sign: (good for period of time as listed on application)

4) New Business: \$50.00 (one time fee for all signs at single business location that require a permit, addition sign Permits submitted at later dates will pay addition \$50.00 fee)

14.15.10 Term of Permit. Each permit shall be valid until the sign is removed or structurally altered. (Exception: Temporary / Portable Signs will have and expiration date)

14.15.11 Maintenance.

a) All freestanding signs and the premises surrounding the same shall be maintained by the owner thereof in a clean, sanitary, and inoffensive condition, and free and clear of all obnoxious substances, rubbish, and weeds. All signs shall be properly maintained at all times. Exposed surfaces shall be clean and painted if paint is required. Defective parts shall be replaced.

b) The Code Enforcement Officer shall have the right under Section 14.15.18 to order the repair or removal of any sign which is defective, damaged, substantially deteriorated, or presents a public hazard, as defined in the edition of the building code in force in the city.

14.15.12 Signs Permitted in All Districts. The following signs are permitted in all Districts:

- a) All signs not requiring a permit.
- b) One construction sign for each street frontage of a construction project, subject to the requirements of Section 14.15.6(d)
- c) Real estate signs as further restricted herein.
- d) Political signs: Political Candidate signs, although they shall be removed within 7 days following the election.

14.15.13 Signs Permitted in Residential Districts. The following signs may be permitted in all residential districts, all other signs being specifically prohibited:

- a) All signs permitted in section 14.15.12
- b) Signs larger than two square feet but not larger than 32 square feet may be permitted by special permit for apartment buildings, schools, churches, hospitals, parks, farms, and other special uses approved for the zoning district.
- c) One subdivision identification sign per entrance per neighborhood, Subdivision or development.
- d) Temporary signs advertising garage or yard sales, provided that such signs shall be removed within 24 hours after the end of the sale.

14.15.14. Signs Permitted in Commercial Districts.

a. Signs in Commercial “C-1” Districts:

In the C-1 District, signs are permitted subject to the following regulations:

- (1) All those signs permitted in the residential “R” Districts are allowed in commercial “C-1” districts.
- (2) Advertising signs painted on the sides of buildings and signs that advertise products or goods unrelated to the use of the building on which the sign is painted or attached are prohibited except for historic “Ghost Signs” or approved murals.
- (3) For on premises uses, business signs shall be permitted on the basis of signage not exceeding 20% of building façade. See Section 14.15.6 a) (1)

(4) Projecting signs are allowed but shall not project into any roadway or driveway and shall be placed with the lowest part a minimum 8 feet above the surface of the sidewalk.

(5) For free standing and ground signs see Section 14.15.6 (b) (c)

b. Signs in the C-2, Districts: In the C-2 District, signs are permitted, subject to the following regulations:

(1) All those signs that are permitted in the residential “R” & C-1 districts are allowed in Commercial “C-2”.

(2) Free standing business on premises signs, signs shall not exceed 80 square feet except that the display space may be increased two square feet for each foot of street frontage beyond 100 feet to a maximum display area of 120 square feet.

One freestanding sign is allowed per lot or commercial street frontage. For buildings on corner lots, one additional freestanding sign is allowed on the additional street frontage. For such corner lots, one frontage must be designated as the main frontage, and one must be designated as the minor frontage. Signs on the minor street frontage must not exceed 75 percent of the size of the display area of the freestanding sign on the main frontage. Instead of having one sign on each street frontage, the applicant may opt to have one free standing diagonal sign facing both street frontages, in which the size of the sign may be computed using the longest street frontage. Where a C-2 abuts 62/65/412 or Business Route, refer to 14.15.14 (C-3 & C-4).

c. Signs in the C-3 and C-4 District

In the C-3 and C-4 District, signs are permitted subject to the following regulations:

(1) All those signs permitted in the residential “R” Districts are allowed in commercial “C” districts.

(2) One on premises sign per lot or commercial street frontage is permitted; the size of this sign shall not exceed 300 square foot per side for each building facade fronting a public street. Such sign shall be mounted on the principal structure/building or may be free standing and or roof signs.

(3) Off premises signs shall be permitted in the Highway 62/65/412 and shall be limited to 300 square feet per face and 2 faces per side, or a single face not more than 650 sq. ft. per side and shall be restricted to Hwy 62/65/412 corridor. Each sign structure shall have a minimum spacing of no less than 100

linear feet per travel way, and on 62/65/412 corridor shall not exceed 45' in height.

14.15.15 Signs Permitted in Industrial Districts.

a. Signs in the "I-1" and "I-2" districts shall conform to the following regulations:

- (1) Other than 62/65/412 only "On Premises Signs" advertising the Name or type of Business.
- (2) The total height of the sign structure shall not exceed 45 feet in height including sign structure unless approved by the Harrison Planning Commission.
- (3) Signs shall be set back 15 feet from front property line or Street easement whichever is greater.

14.15.16 Signs Permitted in the PUD District

- a) Signs in the PUD districts shall be approved as part of the approval process for the development.

14.15.17 Reserved

14.15.18. Violations The following regulations govern violations of this section.

- a) When, in the judgment of the Code Enforcement Officer, a violation of this article exists, the Code Enforcement Officer shall issue a written order to the alleged violator. The order shall specify those sections of this article of which the person may be in violation and shall state that the person has 10 days from the date of the order in which to abate the alleged violation or to appeal to the board of adjustment. If the violator fails to appeal or to correct the violation within the time allowed by this section, the sign shall be deemed illegal and removed by the sign owner.
- b) If, upon inspection, the Code Enforcement Officer finds that a sign is abandoned or structurally, materially, or electrically defective, or in any way endangers the public, or is not maintained, such sign or signs shall be deemed illegal and the Code Enforcement Officer shall issue a written order to the owner of the sign and/or the occupant of the premises stating the nature of the violation and requiring the sign to be repaired in conformance with this article or removed within 30 days of the date of the order.

- c) In the event of a failure to comply with the order of the Code Enforcement Officer, the City may institute legal proceedings including, without limitation, Costs incurred by the City shall be charged to the owner of the sign and/or the owner of the property on which the sign is located. The costs may constitute a lien upon the property and may be collected by any appropriate lawful means.

14.15.19 Grandfather Clause. The following regulations shall govern this clause;

- a) Signs in existence upon the passage of this Ordinance do not require a permit and shall be allowed to remain in place until such signs are voluntary removed, or declared illegal under: 14.15.18. (b) by the Code Enforcement Official of the City of Harrison, AR.
- b) Existing signs may be rebuilt as long as they do not exceed their original height, number of faces and size, and shall meet with all safety requirements in the permitting process.

Section 14.16.16: Zoning Map

- A. The use zones described herein are designated on a map titled "Official Zoning Map of the City of Harrison, Boone County, Arkansas" and said map is a part of this code. Lines indicating the boundaries of the use districts on the zoning map are intended to follow city lines, center street rights-of-way, existing property lines, and center of main channel of creeks. The official zoning map is on file at the office of the Public Works Director, City of Harrison, Arkansas.

CHAPTER 14.20 GENERAL PROVISIONS

Section 14.20.01: Annexation

- A. Territory annexed to the City of Harrison after adoption of this code shall be given zone designations within 60 days after the effective date of annexation in accordance with the amendment procedures of this code.
- B. Before official zone designation is made after annexation, all requests for building permits shall be referred to the City Planning Commission or a committee thereof. The Planning Commission or its designated committee may recommend issuance of the permit if said use conforms to the land use plan and the structure meets the requirements of the zone in which it is to be located.

Section 14.20.02: Completion of Existing Buildings

- A. Nothing herein contained shall require any change in the plans, construction, or designated use of a building actually under construction at the time of the adoption of this code.
- B. Nothing herein contained shall require any change in plans, construction, or designated use of a building for which a building permit has been issued within 30 days prior to the adoption of this code, provided construction is started on said building within 60 days after adoption of this code.

Section 14.20.03: Application of Regulation to the Uses of More Restrictive Districts

- A. Whenever the specific district regulations pertaining to one district permit the uses of a more restrictive district, such uses shall be subject to conditions set forth in the regulations of the more restrictive district unless otherwise specified.
- B. It is intended that these regulations be interpreted as not permitting a dwelling unit to be located on the same lot with or within a structure used or intended to be used primarily for nonresidential purposes unless otherwise interpreted by the Board of Zoning Adjustment.

Section 14.20.04: Relief from Requirements for Lot Area or Lot Width in a Residential Zone

- A. On any lot separately owned in a residential zone at the time of passage of this code and retained in continuous separate ownership, a single-family structure may be erected even though the lot be of less width and/or area than required by the regulations of the residential zone in which the lot is located, provided all other area requirements are met.

Section 14.20.05: Areas not to be diminished

- A. The lot or yard areas required by these regulations for a particular building or use at the time of passage of this code or later constructed or established shall not be diminished and shall not be included as a part of the required lot, open space or yard area of any other building or use. If the lot, open space or yard areas required by this code for a particular building or use are diminished below requirements, the continued existence of such building or use shall be deemed a violation and punished as provided in this code.

Section 14.20.06: Group Housing Projects

- A. In the case of a housing project consisting of a group of two or more buildings to be constructed on a plot of ground of at least two acres not subdivided into the customary streets and lots, and which will not be so subdivided, where the existing or contemplated street and lot layout make it impracticable to apply the requirements of this code to individual buildings in such housing project, the application of such requirements to such housing project may be changed by the Board of Adjustment, in a manner that will be in harmony with the character of the neighborhood, will insure a density of land use no higher than the standard of open space at least as high as required by this code in the district in which the proposed project is to be located. In no case shall a use or building height or density of population be permitted which is less than the requirement of the district in which the housing project is to be located.

Section 14.20.07: Storage of Manufactured Homes

- A. Unoccupied manufactured homes may be stored only in either a manufactured home park or designated manufactured home sales area, both of which must be in conformity with the codes of the City of Harrison.

Section 14.20.08: Off-street Automobile and Vehicle Parking and Loading

A. General Intent and Application

It is the intent of these requirements that adequate parking and loading facilities be provided off the street easement for each use of land within the City of Harrison. The requirements are intended to be based on the demand created by each use. These requirements shall apply to all uses in all districts.

B. Location

The off-street parking lot shall be located within 200 feet, exclusive of street and alley widths, of the principal use, and shall have direct access to a street or alley.

C. Joint Parking Facilities

Whenever two or more uses are located together in a common building, shopping center, or other integrated building complex, the parking requirements may be complied with by providing a permanent parking facility, cooperatively, established and operated, which contains the requisite number of spaces for each use. The total number of spaces provided shall not be less than the sum of the individual requirements.

D. Size of Off-Street Parking Space

The size of a parking space for one vehicle shall consist of a rectangular area having dimensions of not less than 9'x 20', plus adequate area for ingress and egress.

E. Amount of Off-street Parking and Loading Required

Off-street parking and loading facilities shall be provided in all districts in accordance with the following schedule:

1. Dwelling, Single-family or Duplex: Two parking spaces for each separate dwelling unit within the structure.
2. Dwelling., Multiple-family: The number of spaces provided shall not be less than one and one-half times the number of units in the dwelling.
3. Bed and Breakfast House or Hotel: One parking space for each two guests provided overnight accommodations.
4. Hospitals: One space for each four patient beds, exclusive of bassinets, plus one space for each staff or visiting doctor, plus one space for each three employees including nurses, plus adequate area for the parking of emergency vehicles.
5. Medical or Dental Clinics or Offices: Six spaces per doctor plus one space for each two employees.
6. Sanatoriums, Convalescent or Nursing Homes: One space for each six patient beds plus one space for each staff or visiting doctor plus one space for each two employees including nurses.
7. Community Center, Theater, Auditorium, Church Sanctuary: One parking space for each four seats, based on maximum seating capacity.
8. Convention Hall, Lodge, Club, Library, Museum, Place of Amusement or Recreation: One parking space for each 50 square feet of floor area used for assembly or recreation in the building.
9. Office Building: One parking space for each 300 square feet of gross floor area in the building, exclusive of the area used for storage, utilities, and building service.

10. Commercial Establishments: One parking space for each 150 square feet of floor space used for retail trade in the building and including all areas used by the public.

11. Industrial Establishments: Adequate area to park all employees and customers' vehicles at all times and adequate space for loading, unloading and storing all vehicles used incidental to or as a part of the primary operation of the establishment.

For all uses not covered in 1 through 11 above, the Planning Commission shall make a determination of the parking demand to be created by the proposed use, and the amount of parking thus determined shall be the off-street parking requirement for the permitted use.

F. Paved Surface Required

All parking spaces and fire lanes provided under the provisions of this Article shall be paved with a hard surface pavement. The term "parking space" shall be deemed to include all areas used for customer and employee parking, vehicle maneuvering (including ingress and egress) and pedestrian traffic. Areas for material or vehicle storage shall be paved in all use zones with the exception of residential zones.

Section 14.20.09: Site Plan Review

All new construction in the following zones requires a review of the proposed site plan by the Harrison Public Works Director:

1. R-3 Multi-Family District
2. R-4 Manufactured Home Park
3. C-1 Central Business District
4. C-2 Office Commercial District
5. C-3 Highway Commercial District
6. C-4 Neighborhood Commercial District
7. I-1 Heavy Industrial District
8. I-2 Light Industrial District

Prior to applying for a building permit, the developer or the developer's representative will submit to the Public Works Director a site plan indicating the following:

1. Proposed and existing grading (2' contours and spot elevations) with a Benchmark from a topographic plan prepared by a licensed professional Land surveyor in the State of Arkansas.
2. Proposed building footprint(s)
3. Proposed ingress and egress
4. Proposed drainage and storm water retention plan
5. Location of existing and proposed utilities
6. Proposed offsite improvements, if any

Section 14.20.10: Residences in the Commercial Districts

A. Generally

All residences located in commercial districts must meet all building, fire, and plumbing codes for residential buildings. Off-street parking shall be provided in accordance with the requirements of this section of the code, with the exception of residences located in the Central Business District. See part B of this section for requirements of residences in the Central Business District.

B. Residences are permitted in the Central Business District subject to the following:

Two off-street parking spaces are required for each residence located in the Central Business District. Off-site parking may be used to meet parking requirements for residential development.

CHAPTER 14.21 SPECIAL USE PERMITS

Section 14.21.01: General Purposes

The purposes of this section are to define more clearly the concept of special use permits; to establish standards by which the Planning Commission shall evaluate special use permit applications; and to set forth procedures for processing special use permits.

Section 14.21.02: Description

A Special Use is a use that conforms to the intent of the comprehensive plan for a specific area and is generally allowable. The use may represent potential problems, however, with respect to its impact on neighboring property or to the city as a whole. For this reason, it requires a careful review of its location, design, configuration, and spatial impact to determine the desirability of allowing it on a particular site.

The Special Use Permit process must not allow an applicant to secure a use variance or as a means to circumvent the intent of the comprehensive plan or zoning code. Building configurations, footprints, and outlines should be compatible with other uses permitted for a district. Whether a proposed use is appropriate in a particular location depends upon a careful evaluation of the impacts to the neighborhood and the city by the Planning Commission and a weighing of conditions and methods proposed by the commission or by the applicant to ameliorate those impacts.

Section 14.21.03: Standards for Special Use Permits

The Planning Commission may approve, deny, defer, or modify a special use permit request based on findings of fact with regard to the standards set forth below. The appropriateness of these standards shall be determined at the discretion of the Planning Commission for each specific special use location. The Planning Commission shall not permit any use in a zone as a special use that is not permitted under the zoning code.

In carrying out the purpose of this section, the Commission's consideration shall include, but not be limited to, the following development standards and design specifics.

The appropriateness of these standards shall be determined at the discretion of the Planning Commission for each specific special use location.

- A. The proposed use is so designed, located and proposed to be operated that the public health, safety and welfare will be protected.

- B. The proposed land use is compatible with and will not adversely affect other property in the area where it is proposed to be located.
- C. The proposed use is within the provision of "Uses Permitted upon Review" as set out in this Code.
- D. The proposed use conforms to all applicable provisions of this code for the zoning district in which it is to be located, and the use facilitates public convenience at that location.
- E. The size and shape of the site, and the size, shape and arrangement of the Proposed structures are in keeping with the intent of the comprehensive plan and this code.
- F. The internal street system, ingress or egress, off-street parking, loading and pedestrian ways will be efficient and safe.
- G. Safeguards, including, but not limited to, hours and methods of operation, landscaping and screening, controlling noxious or offensive emissions, including lighting, noise, glare, dust and odor, are satisfactory.
- H. Landscaping, fencing and open space will be properly maintained by the Owner/developer.
- I. Proposed signs will be appropriate for the location and in accordance with the requirements of the existing City Code.
- J. Public utilities are, or will be, available and will not be overloaded.

Section 14.21.04: Conditions

The Planning Commission may impose conditions and restrictions upon the premises benefited by a Special Use Permit as may be necessary to reduce or minimize the injurious effects of the special use, insure compatibility with the surrounding property, and carry out the general intent of this code. The Planning Commission shall not permit any use in a zone as a special use that is not permitted under the zoning code.

Conditions imposed as part of the special use may be of two types. Threshold Conditions are those that must be met by all proposed developments before an application for a special use permit will be forwarded to the Planning Commission. Implicit Conditions are those that the Planning Commission may apply during the review of an individual case.

In no case shall the Planning Commission authorize relief from the minimum requirements of the code relating to height, area, parking or screening. However, applicants may be directed to the Board of Zoning Adjustment for variances.

Section 14.21.05: Application Procedure for Special Use Permit

Application for a special use permit shall be made by the property owner or authorized agent for the owner. The application shall be submitted to the Public Works Department which will process all applicable surveys, site plans and other supporting information pertinent to this review process and make recommendations to the planning commission.

The applicant shall give notice of the Special Use Permit application. The notice shall be published at least one time, not less than fifteen (15) days prior to the date of the public hearing, in a newspaper of general circulation in the city. The applicant shall give notice of such hearing by posting a suitable and pertinent sign on the property involved not less than fifteen (15) days prior to the hearing. The applicant shall notify by certified mail all property owners within two hundred (200) feet of the subject property no less than fifteen (15) days prior to the public hearing.

Section 14.21.06: Development plan requirements

The development plan requirements for a special use permit application shall include a graphic representation of what is proposed and a general statement as to the intent of the use. The graphic representation shall include the following:

1. The location, size and use of buildings, signs, land and improvements;
2. The location, size and arrangement of parking space, loading space, driveways and street access;
3. The existing topography with proposed grading and drainage plans;
4. Proposed screening and landscaping;
5. The use of adjoining property;
6. Scale, north arrow and vicinity map; and
7. Any additional information needed by the staff because of conditions peculiar to the development.

Section 14.21.07: Development plan review

The Public Works Department staff shall review the proposed special use permit application and report to the commission on its relation to and probable effect on the surrounding area as well as its compliance with the requirements of this Code and shall make recommendations to the Planning Commission.

Section 14.21.08: Planning Commission Action

The Planning Commission shall review special permit use applications at its regularly scheduled monthly meeting, at which time interested persons may appear and offer information in support of, or against the proposed special use permit. The Planning Commission shall then make one of the following determinations: approve the special use permit application as requested; approve the special use permit application with modifications; defer the special use permit application; or deny the special use permit application.

The Planning Commission may impose conditions and restrictions upon the premises benefited by a special use permit as may be necessary to reduce or minimize the injurious effects of the special use, insure compatibility with the surrounding property and carry out the general intent of the comprehensive plan, appropriate neighborhood plans and this code.

In no case shall the Planning Commission authorize reduction from the minimum requirements of the code relating to height, area, parking or screening. However, the Applicant may be directed to the Board of Zoning Adjustment for variances under the Zoning Code.

Section 14.21.09: Status of Conditions

Once any portion of the special use permit that has been authorized is utilized, all such conditions pertaining to such authorization shall become immediately operative. The violation of any condition so imposed shall constitute grounds for revocation of the special use permit. Such conditions may include time limits for exercise of such authorization and must commence within a reasonable time.

The Board of Zoning Adjustment is not authorized to grant a variance from conditions imposed by the commission in connection with a special use permit. However, the Board of Zoning Adjustment may grant variances as provided by the Zoning Code.

Amendments or major changes to a special use permit authorization must follow the same process as the original special use permit application; however, the Commission delegates authority to the staff to approve minor modifications to the conditions approved, including modifications to an approved development plan. No building permit shall be issued except in conformance with the provisions of this section.

A Special Use Permit is a part of the Zoning Code and shall run with the land upon which the use is located. The Planning Commission shall not permit any use in a zone as a special use that is not permitted under the zoning code.

CHAPTER 14.22

TELECOMMUNICATION TOWERS

Section 14.22.01: Purpose

The purposes of these regulations are described as follows:

- A. To establish a system of administering requests for the siting of commercial communication towers in accordance with provisions of the Federal Telecommunications Act of 1996.
- B. To minimize the number of new towers needed by encouraging the use of existing towers and existing public and private structures.
- C. To preserve the stability of land values of properties near and adjacent to proposed commercial tower locations.
- D. To protect the public health, safety, and welfare through the use of good engineering and urban design principles.

Section 14.22.02: Definitions

- A. Antenna Array means one or more rods, panels, discs or similar devices used for the transmission or reception of radio frequency signals, which may include an omni-directional antenna (rod), a directional antenna (panel) and a parabolic antenna (disc). The Antenna Array does not include the Support Structure defined below.
- B. Attached Wireless Communications facility (Attached WCF) means an Antenna Array that is attached to an existing building or structure which shall include, but not be limited to, utility poles, signs, water towers, with any accompanying poles or device which attaches the Antenna Array to the existing building or structure and associated connection cables, and any Equipment Facility which may be located either inside or outside the Attachment Structure.
- C. Collocation or Site Sharing means use of a common WCF or common site by two or more wireless license holders or by one wireless license holder for more than one type of communications technology or placement of a WCF on a structure owned or operated by a utility or other public entity.
- D. Derrick Tower means a structure constructed of lattice steel and which is entirely self-supporting.

- E. Equipment Facility means any structure used to contain ancillary equipment for a WCF, which includes cabinets, shelters, and a buildout of an existing structure, pedestals, and other similar structures.
- F. FAA means the Federal Aviation Administration.
- G. FCC means the Federal Communication Commission
- H. FTA means the Federal Telecommunications Act of 1996.
- I. Guy-Wired Tower is a structure constructed of lattice steel and which is supported by guy-wires extending at angles from the structure to ground anchors.
- J. Height. When referring to a WCF, Height shall mean the distance measured from ground level to the highest point on the WCF, including the Antenna Array.
- K. Monopole Tower is a supporting structure composed of a solid pole without any guy-wired support.
- L. Setback means the required distance from the WCF to the property lines of the parcel on which the WCF is located.
- M. Stealth Technology means systems, components and materials used in the construction of the WCF, which are designed to mask or conceal the WCF to make it compatible with the surrounding property.
- N. Support Structure means a structure designed and constructed specifically to support an Antenna Array, and may include a monopole, guy-wire support tower, or derrick tower. Any device used to fasten an Attached WCF to an existing building or structure shall be excluded from the definition of and regulations applicable to Support Structures.
- O. Tower Use Permit (TUP) means a permit issued by the City specifically for the location, construction and use of a WCF subject to an approved site plan and special conditions determined by the Planning Commission and City Council to be appropriate under the provisions of this Article.
- P. Wireless Communications means any personal wireless service as defined in the Telecommunications Act of 1996, which includes FCC-licensed commercial wireless communications services including cellular, personal communication services (PCS), specialized mobile radio (SMR), enhanced specialized mobile radio (ESMR), paging, and similar services that currently exist or that may in the future be developed.

- Q. Wireless Communication Facility (WCF) means any unstaffed facility for the transmission or reception of wireless telecommunications services, usually consisting of an Antenna Array, connection cables, an Equipment Facility, and a Support Structure to achieve the necessary elevation.

Section 14.22.03: Location and Application

- A. A Tower Use Permit (TUP) for the following may be processed and approved, with necessary information and agreements, through administrative review:
1. An attached Wireless Communications Facility (Attached WCF) to be attached to an existing monopole, tower, or structure.
 2. Facilities to be located in I-1 (Heavy Industrial) and I-2 (Light Industrial) zoning districts.
 3. Facilities to be located in parks or other public areas upon approval by the City Council and property owner(s). If the City staff does not approve a TUP for any of the above, the Applicant may elect to apply for a Special Use Permit under the conditions set forth in Chapter 14-21.
- B. The following applications are subject to acquisition of a Special Use Permit under the conditions set forth in Chapter 14-21:
1. Facilities to be located in any residential use zoning district.
 2. Facilities to be located in any commercial use zoning district.
- C. All TUP applications for new tower construction will be considered only after the applicant has demonstrated to the satisfaction of the Planning Director and Manager of Engineering Services that:
1. No existing towers or structures are located within the geographic area that would meet applicant's engineering requirements.
 2. Existing towers or structures are not of sufficient height to meet applicant's engineering requirements.
 3. Existing towers or structures do not have sufficient structural strength to support applicant's proposed antenna and related equipment.
 4. The applicant's proposed antenna would cause electromagnetic interference with the antenna on the existing towers or structures, or the antenna on the existing towers or structures would cause interference with the applicant's proposed antenna.

5. The fees, costs, or contractual provisions required by the owner in order to share an existing tower or structure, or to adapt an existing tower or structure for sharing, are unreasonable. Any such costs that exceed the cost of new tower development are presumed to be unreasonable.
 6. Applicant demonstrates that there are other limiting factors that render existing towers and structures unsuitable.
- D. All applications shall include, in addition to the other requirements specified in Chapter 14.21, if applicable, a scaled site plan, a scaled elevation view and other supporting drawings. The Applicant shall also submit calculations and other documentation showing the location and dimensions of the WCF and all improvements associated therewith, including information concerning specifications, antenna locations, equipment storage facilities, landscaping, parking, access, fencing, and if relevant as determined by staff, topography, adjacent uses, and existing vegetation.

Section 14.22.04: Development Standards

A. Height

1. An attached WCF shall not add more than 20 feet in height to the existing building or structure to which it is attached.
2. WCF with Support Structures shall have a maximum height of 250 feet in industrial and agricultural zones, 200 feet in commercial zones, and 150 feet in residential zones.

B. Setbacks

1. Attached WCF: Antenna Arrays for Attached WCF are exempt from the setback provisions of the zone in which they are located. An Attached WCF Antenna Array may extend up to 30 inches horizontally beyond the edge of the Attached Structure so long as the Antenna Array does not encroach upon an adjoining parcel.
2. WCF with Support Structures shall meet the setback requirements for principal structures of the underlying zone in which they are located, except for residential zoning districts.
3. WCF with Support Structures abutting residential property on any side shall be set back from any adjoining property line a distance at least 50 percent of the height of the tower measured from the base of the tower to the property line of the residential lot. Guy-wired anchors shall meet the

setback ordinance requirements of the specific district in which the WCF is located.

C. Landscaping and Aesthetics

1. Existing mature tree growth and natural landform on the site shall be preserved to the extent feasible; provided, however, that vegetation that causes interference with the antenna or inhibits access to the equipment storage may be trimmed. Any trees in excess of six (6) inches in diameter which are to be cut must be indicated on the site plan.
2. WCF shall be designed so as to be compatible with the existing structures and surroundings to the extent feasible. Such requirements shall not interfere with normal functioning of the WCF and may include the use of compatible or neutral colors, or stealth technology.

D. Lighting

1. WCF shall not be artificially illuminated, directly or indirectly, except as may be required by state or federal law or for security of the equipment building. It shall be the Owner's responsibility to meet FAA lighting requirements, if necessary.
2. WCF shall not display any signage or message of a commercial nature except for an inconspicuous message containing provider identification and emergency telephone numbers.

E. Security Fencing

1. WCF with Support Structures shall be enclosed by a security fence not less than six (6) feet.

F. Collocation

1. All WCF with Supporting Structures shall be designed to accommodate a minimum of three antenna arrays where technically feasible and visually desirable.
2. All applicants for WCF with Supporting Structures are required to execute a statement upon filing the application agreeing to allow collocation of other WCF providers at a lease rate not to exceed the commonly accepted market terms as determined by the City of Harrison.

G. Conditions

Support Structures for Wireless Communication Facilities are permitted in the various zoning districts according to the following table.

Support Structure	R-1	R-2	R-2 AH	R-3	R-4	C-1	C-2	C-3	C-4	I-1	I-2	CONS	A-1
Monopole	C	C	C	C	C		C	C	C	P	P		C
Guy Wired										P	P		
Stealth Technology	C	C	C	C	C	C	C	C	C	P	P		C
Derrick													

Table Notes:

A “P” indicates that the given support structure is permitted in the zoning district subject to Tower Use Permit approval.

A “C” indicates that the given support structure is permitted in the zoning district subject to approval by the Planning Commission and City Council.

A blank indicates that the given support structure is not permitted in the zoning district.

Section 14.22.05: Abandonment

Agreements accompanying a request for new supporting structures or attached WCF shall include the following to be executed with the City of Harrison:

- A. Any Wireless Communication facility (WCF) whose use is discontinued shall be removed by the owner, and shall be reported to the City of Harrison immediately. All discontinued facilities shall be removed within six months and the site restored to its original condition, all at the owner’s expense.
- B. Any discontinued WCF not removed within six months may be removed by the City at the owner’s expense.

Section 14.22.06: Environmental Impact

Assessments of environmental impact are required by federal law to be prepared by personal wireless service carriers when the following environmental impacts occur:

- A. Facilities are located in officially designated wilderness or wildlife areas.
- B. Facilities threaten endangered species or critical habitats.

- C. Facilities affect historic sites or structures
- D. Facilities are to be located in floodplains.
- E. Facilities will significantly change a surface area involving wetlands, deforestation, or water diversions.

Since these assessments are already required by federal law, these provisions are incorporated into this ordinance and certification of compliance with the National Environmental Policy Act (NEPA) (43 U.S.C. Section 4321) must be provided before any permits will be issued.

Section 14.22.07: Review

The City of Harrison shall complete final action upon any TUP within 90 days of the filing of the application unless a request for extension is filed by the Applicant. Any decision to deny a request will be made in writing and will be supported by substantial evidence contained in a written record.

Section 14.22.08 Change in Ownership

If a Tower Use Permit has been previously issued, any ownership or licensing change not involving new construction may be approved administratively by the City Attorney.

CHAPTER 14.24

NONCONFORMING BUILDINGS, STRUCTURES, AND USES OF LAND

Section 14.24.01: Nonconforming Buildings and Structures

A nonconforming building or structure existing at the time of adoption of this ordinance may be continued, maintained, and repaired, except as otherwise provided in this section.

A. Alteration or Enlargement of Buildings and Structures

A nonconforming building or structure shall not be added to or enlarged in any manner unless said building or structure, including additions and enlargements, is made to conform to all of the regulations of the district in which it is located; provided, however, that if a building or structure is conforming as to use, but nonconforming as to yards or height, or off-street parking space, said building or structure may be enlarged or added to provided that the enlargement or addition complies with yard and height and off-street parking requirements of the district in which said building or structure is located. No nonconforming building or structure shall be moved in whole or in part to another location on the lot unless every portion of said building or structure is made to conform to all of the regulations of the district in which it is located.

B. Building Vacancy or Destruction

A building or structure or portion thereof, which is nonconforming as to use, which is or hereafter becomes vacant or is destroyed, and remains unoccupied **or** not reconstructed for a continuous period of one year shall not thereafter be occupied except by a use which conforms to the use regulations of the district in which it is located.

C. Change in Use

A nonconforming use of a conforming building or structure shall not be expanded or extended into any other portion of such conforming building or structure, or change except to a conforming use. If such a nonconforming use, or portion thereof, is discontinued or changed to a conforming use, any future use of such buildings, structure, or portion thereof, shall be in conformity with regulations of the district in which such building or structure is located. A vacant or partially vacant nonconforming building or structure may be occupied by a use for which the building or structure was designed or intended if occupied within a period of one year after the effective date of this code. Otherwise, it shall be used in conformity with the regulations of the district in which it is located.

Section 14.24.02: Nonconforming Uses of Land

Non-conforming uses, as defined herein, may not be extended or expanded, or allowed to occupy more area than was in use on the effective date of this code.

Nonconforming uses, or any portion thereof, if discontinued for a period of one year, shall not be permitted to be reestablished. Any new use shall be in conformity with the provisions of the district in which said land is located.

CHAPTER 14.28 BOARD OF ZONING ADJUSTMENT

Section 14.28.01: Organization of Board of Adjustment

- A. The Board of Zoning Adjustment shall be comprised of the full membership of the Harrison Planning Commission.

Section 14.28.02: Meetings

- A. Meetings of the Board shall be held at such time and at such place within the City of Harrison as the Board may designate, and may meet at any time on call of the chairman.
- B. The Board shall keep minutes of its proceedings which shall contain as a minimum:
 - 1. Time, date, and place of meeting.
 - 2. Names of members present.
 - 3. Citation, by number and description of appeal or application.
 - 4. Pertinent facts of the case.
 - 5. Names of persons appearing and their interest in the case.
 - 6. Record of vote by name.
 - 7. Authority for decision (cite ordinance or statute) and reasons for conditions imposed.

The minutes of the meeting shall be filed by the secretary of the Board in the office of the City Clerk, and shall be public record.

- C. Any member of the Board who fails to be in attendance at two consecutive scheduled meetings in a calendar year shall have his appointment declared vacated, and a new member shall be selected as provided in Section 14.28.01 -A.

Section 14.28.03: Appeals from Decision of the Code Enforcement Official.

- A. The Board shall hear appeals from an administrative decision of the Code Enforcement Official, who shall be designated by the Public Works Director, concerning interpretation of the zoning code and shall decide whether such interpretation was in error or not.

Section 14-28-04: Variance

- A. The Board shall hear requests for variances from the literal provisions of the zoning regulations in instances where strict compliance to the provisions of these regulations would cause undue hardship due to the circumstances unique to the individual property under consideration.
- B. The Board may grant variances only when it is demonstrated that such action will be in keeping with the spirit and intent of the zoning code and official plans of the City.
- C. The Board shall not permit as a variance any use in a zone that is not permitted under this code.
- D. The Board may impose conditions in the granting of the variance to insure compliance and to protect adjacent property.

Section 14.28.05: Reserved.

Section 14.28.06: Appeals From Decisions of the Board

- A. Appeal from the decision of the Board shall be to a court having jurisdiction within 30 days from the decision of the Board.

Section 14.28.07: Notices and Fees

- A. Whenever an appeal or application for a variance is made to the Board, the Board shall cause to have published at the expense of the appellant or applicant a notice of the time and place of the public hearing upon such appeal or application, which notice shall be published at least once not less than seven (7) days preceding the date of such hearing in an official paper or a paper of general circulation in Harrison, said notice to designate the particular location with which the appeal or application is concerned, and a brief statement as to what the appeal or application consists of. The Board shall also give or cause to be given such additional notice of such hearing to interested persons and organizations as it shall deem feasible and practicable.
- B. The appellant or applicant shall be required to pay to the Code Enforcement Official a filing fee of fifty dollars (\$50.00) to cover such other costs as may be incurred in connection with such appeal or application.

CHAPTER 14.32 AMENDMENTS

Section 14.32.01: General

- A. This Code may be amended by changing the text, the Official Zoning Map, or both in accordance with the procedures prescribed herein. Notice of any public hearings held using any of the methods of amendment shall be published at least one time, not less than fifteen (15) days prior to the date of the public hearing, in a newspaper of general circulation in the city.

- B. The following may initiate a request to amend this Code:
 - a. A member or members of the City Council.
 - b. A member or members of the Planning Commission.
 - c. The owner of a property or his appointed agent.

Section 14.32.02: Amendments initiated by the City Council

Amendments initiated by the City Council may be made in the following manner.

- A. The City Council may refer a request for amendment to the Planning Commission to be considered in accordance with the procedures outlined in Section 14.32.03, below.

- B. The City Council may act upon a request to amend this Code when an emergency exists which threatens the health, safety, welfare, or morals of the citizens of the City. An amendment may be made under this section upon the approval of a majority of the entire City Council.

Section 14.32.03: Amendments initiated by the Planning Commission

Amendments initiated by the Planning Commission may be made only in accordance with the procedures outlined herein.

- A. The Planning Commission may, from time to time, either upon request by one or more of its members, by direction of the City Council, or in the course of its normal planning activities, consider amendments or additions to the Zoning Code.

- B. The Planning Commission shall prepare a work program and make studies, including the preparation of maps, to support its decisions regarding possible amendments.

- C. If the proposed amendments are not consistent with the Future Land Use Plan, the Planning Commission shall first consider and adopt any necessary changes to the Future Land Use Plan.
- D. The Planning Commission shall hold a public hearing to consider amendments to the Zoning Code and amendments to the Future Land Use Plan, if required.
- E. Changes in zoning classifications initiated by the Planning Commission shall be considered comprehensive changes affecting the entire city and no individual notifications shall be made. A map indicating the proposed changes will be available in City Hall for interested citizens and property owners.
- F. Following the public hearing, the proposed plans may be recommended as presented, or in modified form, by a majority of the entire Planning Commission.
- G. Following its adoption of plans and recommendations of ordinances and regulations, the commission shall certify adopted plans or recommended ordinances and regulations to the City Council for its adoption.

Section 14.32.04: Amendments initiated by property owners

Amendments initiated by property owners may be made in the following manner.

- A. An application for amendment shall be filed with building official
- B. The application for a Zoning Map Amendment shall contain the following information:
 - 1. Name and address of applicant.
 - 2. Statement that the applicant is the owner or the authorized agent of the owner of the property for which the Zoning Map Amendment is proposed.
 - 3. Address and legal description of property.
 - 4. A map of the subject property, delineating:
 - (a) the dimensions of property;
 - (b) approximate location of buildings with appropriate dimensions;
 - (c) land uses of adjacent properties.
 - 5. The application shall be accompanied by the prescribed fee as determined by the City Council.

C. Hearing

Upon receipt in proper form of the application for a Zoning Map Amendment, the building official shall fix a date for a public hearing according to a monthly schedule maintained in the building official's office.

In addition to newspaper notice, notice of such hearing shall be given by posting a suitable and pertinent sign on the property involved by the applicant not less than fifteen (15) days prior to the hearing.

Notice of the Public Hearing prescribing the date of the hearing and including a description of the property and of the proposed amendment relating thereto shall be given by the applicant, at his expense, to each owner/or occupant of property located within 200 feet of the property which is the subject matter of the application within 15 days of the hearing date. This notice requirement may be satisfied by either of the following methods:

- A. Notice by certified mail, return receipt requested.

- B. Hand delivery of the required notice and the execution of an acknowledgement of receipt thereof by the owner/or occupant of the property.

At the hearing, the applicant shall be required to submit evidence of notice in accordance herewith.

Upon receipt of an application for a Zoning Code Text Amendment, the building official shall fix a date for a public hearing according to a monthly schedule maintained in the building official's office.

Notice of such hearing shall be published at least one time not less than fifteen (15) days prior to the public hearing in a newspaper of general circulation in the City of Harrison. Content of such notice shall be of a general nature describing the general subject matter and the Chapters involved, with respect to the proposed amendment.

D. Finding of Fact

Within thirty (30) days following the public hearing, the Planning Commission shall make a specific finding as to whether or not the change is consistent with the objectives of the Zoning Code, and the Plans adopted by the Planning Commission, and that the purpose of the amendment is not based exclusively upon a desire to increase the value or income potential of the property. The Planning Commission shall make written recommendations to the City Council setting forth the basis for its recommendations. A copy of these recommendations shall be submitted to the applicant at the same time.

E. Authorization by City Council

Any amendment hereto shall become effective only upon passage by ordinance by a majority vote of all members of the City Council.

F. Effect of Denial of Amendment

No application for an amendment which has been denied wholly or partly by the Planning Commission shall be resubmitted for a period of one (1) year from the date of said denial, except upon a showing of a substantial change in conditions found to be valid by the Planning Commission and demonstrated by a majority vote of the full Planning Commission in favor of a rehearing. For purposes hereof, a change of ownership of the subject property shall not be deemed to be a change of conditions.

No further action will occur in the case of a request for an amendment denied by the Planning Commission unless the applicant files an appeal in accordance with the following section.

Section 14.32.05: Appeals to City Council

- A. Any action of the Planning Commission, i.e. special use permits or zoning decisions may be appealed to the City Council. In order to make an appeal, the aggrieved party must file a “Notice of Appeal” with the City within 30 days of the Planning Commission’s final action. The Notice of Appeal shall be filed on forms and in a format prescribed by the City. As a minimum, however, the applicant shall provide the following information:
1. Summary of any reasons provided by the Planning Commission concerning the decision made in the case.
 2. Reasons why the applicant of the appeal contends that the Planning Commission erred in its decision.
 3. Reasons why the applicant of the appeal believes that the public health, safety, welfare, and morals would be better served if the Planning Commission’s decision were reversed.
 4. Any new and pertinent information bearing on the case which may have been overlooked by the Planning Commission or which may have come to light following the meeting at which the Planning Commission made its decision.
 5. The Department of Planning shall provide notice of the appeal in accordance with the applicable provisions of the Zoning Code in the same manner and to the same parties as the initial application.
- B. The City Council may affirm the Planning Commission’s decision, reverse it, or send the case back to the Planning Commission for further study and re-certification. If new information is placed before the Council that, in the opinion of the Council, would affect the Planning Commission’s decision, the Council may refer the case back to the Planning Commission for further study, including the new information, and re-certification.

CHAPTER 14.36
CODE ENFORCEMENT OFFICIAL, BUILDING PERMIT, PENALTY FOR
VIOLATION

Section 14.36.01: Enforcement

- A. The provisions of this code shall be administered by Code Enforcement official designated by the City of Harrison Director of Public Works.

Section 14.36.02: Building Permit

- A. A building permit will be issued only when the application has been approved by the Code Enforcement Official as meeting requirements of this code. All applications for building permits shall be accompanied by a plan, prepared by a registered Professional Land Surveyor, drawn to an appropriate scale –(for example, 1" = 10',20',30'), showing the actual dimensions of the lot to be built upon, the size of the building to be erected, Zone setback lines and its location on the lot, and such other information as may be necessary to provide for the enforcement of this code. Said building location shall be staked-out on the lot by a registered Professional Land Surveyor. A record of such application and plats shall be kept by the Code Enforcement Official and are subject to review by the Planning Commission.

Section 14.36.03: Penalty for Violation

- B. Any person or corporation who shall violate any of the provision of this code or fail to comply therewith or with any of the requirements thereof, or who shall build or alter any building in violation of any detailed statement or plan submitted and approved hereunder, shall be guilty of a misdemeanor and shall be liable to a fine of not more than \$100.00. Each day such violation is permitted to exist shall constitute a separate offense. The owner or owners of any building or premises or part thereof where anything in violation of this code shall be placed, or shall exist, and any architect, builder, contractor, agent, person, or corporation employed in connection therewith and who may have assisted in the commission of any such violation, shall be guilty of a separate offense and upon conviction thereof shall be fined as herein before provided.

PETITION FOR A REZONING

FILING DATE _____, 20

TO THE HARRISON PLANNING COMMISSION:

Application is hereby made to the City Planning Commission of Harrison, Arkansas, pursuant to the Arkansas Law on city planning, Act 186 of 1957, Acts of Arkansas, as amended, and the Harrison Zoning Ordinance No. 490, as Amended, petitioning for a rezoning of the following described area:

- 1) Legal Description:
- 2) Street Address or approximation thereof: _____
- 3) Title to this property is vested in: _____
- 4) It is desired that the zoning district boundaries shown in the official Zoning Districts Map be amended and that the area described above be reclassified From the present _____ Zone to _____ Zone.
- 5) Present use of Property: _____
- 6) Desired use of Property: _____
- 7) (There are) (There are no) deed restrictions pertaining to the use of this property. Any restrictions are described: _____
- 8) A statement and diagram explaining why the proposed changes will not conflict With surrounding land uses is enclosed as part of this petition.
- 9) A map and a photograph of the subject property are enclosed herewith and the Map shows (1) the approximate dimensions of each property line and any adjoining rights-of-way, (2) the approximate outline location of any buildings on subject property and adjacent properties, and (3) land uses and owner's names for all lands within 300 feet of the boundaries of the subject property.
- 10) A \$50.00 application filing fee has been paid to the Code Enforcement Officer (y) (n).
- 11) It is understood that Notice of the Public Hearing before the Harrison Planning Commission will be published at least 15 days prior to said hearing in a newspaper of general circulation in the City at the Petitioners expense, and that notice of said hearing must be circulated by the applicant to all other parties in interest, including all owners of land within 300 feet of the boundary of the property proposed for rezoning.

Under penalties of perjury. I declare that I have examined this petition, including accompanying materials are statements, and to the best of my knowledge and belief it is true, correct, and complete.
